

# Canton Township

## Park Project Donation

---

### PARK PROJECT DONATIONS

Donors can remember or honor a loved one by assisting the Township with park projects at one of our two parks. These park project donations will be used on a specific project to improve the overall appearance, function, safety, or replacement item in the Canton Township Park system. Park project donations will be recognized with a Letter of Acknowledgement and Appreciation, along with recognition at the park for the project.

Current projects can be discussed with the Board of Trustees and the Public Works Director.
