ZONING RESOLUTION FOR CANTON TOWNSHIP STARK COUNTY, OHIO

WHEREAS, the Board of Trustees of Canton Township, Stark County, Ohio, has deemed it advisable to promote the public health, safety, and morals for the residents of said township; and,

WHEREAS, a zoning resolution for the building and land use within the unincorporated territory of the township was adopted in 1959, in accordance with Section 519.10 and related sections of the OHIO REVISED CODE: and

WHEREAS, five (5) Persons have been duly appointed by the Board of Trustees of Canton Township to serve as a Zoning Commission for said Township; and

WHEREAS, said Zoning Commission has recommended the addition to the text of the Canton Township Zoning Resolution, and have submitted recommendations to the Board of Trustees of Canton Township under Section 519.12 of the OHIO REVISED CODE on February 13, 2012.

THEREFORE, the Board of Trustees of Canton Township did adopt the addition to the text with modifications to the Zoning Resolution February 13, 2012, under the authority and in accordance with the provisions of the OHIO REVISED CODE and said text additions became effective on March 14, 2012.

THEREFORE, this Resolution and Zoning Map shall be known as and shall be cited and referred to as the Zoning Resolution of Canton Township, Stark County, Ohio.

ARTICLE 1

SECTION 100 PURPOSE

*519.02 TOWNSHIP TRUSTEES MAY REGULATE BUILDING AND LAND USE
IN UNINCORPORATED TERRITORY FOR PUBLIC PURPOSE.

Except as otherwise provided in this section, in the interest of the public health, safety, convenience, comfort, prosperity, or general welfare, the Board of Township Trustees may, in accordance with a comprehensive plan, regulate by resolution the location, height, bulk, number of stories, and size of buildings and other structures, including tents, cabins and trailer coaches, percentage of lot areas that may be occupied, setback building lines, size of yards, courts, and other spaces, the density of population, the uses of buildings and other structures including tents, cabins and trailer coaches, and the use of land for trade, industry, residence, recreation, or other purposes in the unincorporated territory of the township, and establish reasonable residential landscaping standards, excluding exterior building materials, for the unincorporated territory of the township; and for all these purposes, the board may divide all or part of the unincorporated territory of the Township into districts or zones of such number, shape, and area as the Board determines. All such regulations shall be uniform for each class or kind of building or other structure or use through any district or zone, but the regulations or zone may differ from those in other districts or zones.

INTERPRETATION OF STANDARDS AND EXEMPTIONS AND LIMITATIONS

SECTION 101 INTERPRETATION OF STANDARDS

In their interpretation and application, the provisions of this Resolution shall be held to the minimum requirements. Where this Resolution imposes a greater restriction than is imposed by the other provisions of law, or by other rules or regulations or resolutions the provisions of this Resolution shall control.

SECTION 102 USES EXEMPT OR LIMITED FROM TOWNSHIP CONTROL

*519.21 USE OF LAND AND/OR BUILDING FOR AGRICULTURE NOT
AFFECTED PURSUANT TO SECTION 519.01 OF THE REVISED CODE.

(A) Except as otherwise provides in division (B) of this section, sections 519.02 to 519.25, inclusive of the Revised Code confer no power on any Board of Township Trustees or Board of Zoning Appeals to prohibit the use of any land for agricultural purposes or the construction or use of buildings or structures incident to the use for agricultural purposes of the land on which such buildings or structures are located, and no zoning certificate shall be required for any such building or structure.

A Township Zoning Resolution, or an amendment to such Resolution, may in any platted subdivision approved under Section 711.05, 711.09, or 711.10 of the Revised Code, or in any area consisting of fifteen (15) or more lots/approved under Section 711.131 of the Revised Code that are contiguous to one another, or some of which are contiguous to one another and adjacent to one side of a dedicated public road, and the balance of which are contiguous to one another and adjacent to the opposite side of the same dedicated public road regulate:

(1) Agriculture on lots of one (1) acre or less;

(2) Buildings or structures incident to the use of land for agricultural purposes on lots greater than one (1) acre but not greater than five (5) acres by setback building lines, height and size;

(3) Dairying, animal and poultry husbandry on lots greater than one (1) acre but not greater than five (5) acres when at least thirty-five (35) percent of the lots in the subdivision are developed with at least one (1) building, structure or improvement that is subject to real property taxation or that is subject to the tax on manufactured homes under Section 4503.06 of the Revised Code. After thirty-five (35) percent of the lots are so developed, dairying, animal and poultry husbandry shall be considered nonconforming use of the land and buildings or structures pursuant to Section 519.09 of Revised Code.

Division (B) of this section confers no power on any Township Zoning Commission, Board of Township Trustees or Board of Appeals to regulate agriculture, buildings or structures and dairying, animal and poultry husbandry on lots greater than five (5) acres.

Such sections confer no power on any Township Zoning Commission, Board of Trustees, or Board of Appeals to prohibit in a district zoned for agricultural, industrial, residential or commercial uses, the use of any land for a farm market where fifty (50) percent or more of the gross income received from the market is derived from the produce raised on farms owned and operated by the market operator in a normal crop year. However, a Board of Township Trustees may regulate such factors pertaining to farm market as to size of the structure, size of parking areas that may be required, set back building lines, and egress or ingress, where such regulations is necessary to protect the public health and safety.

Canton Township can enforce the Canton Township Zoning Resolution regarding agriculture under one (1) acre in all districts by regulations for that district, except as provided by ORC 519.01 or text in Article 1, Section 102. **Article 1, section 102 amended 5/22/1998.**

SECTION 103 PUBLIC UTILITIES AND RAILROADS

*519.211 All governed by ORC 519.211 and any amendments may there too, and any other local, state and federal laws pursuant to public utilities. **Amended 9/9/1998.**

SECTION 104 RETAIL ESTABLISHMENTS

*519.21 Such sections do not confer any power on any Township Zoning Commission, Board of Trustees or Board of Appeals to prohibit the sale or use of alcoholic beverages in areas where the establishment and operation of any retail business, hotel, lunchroom or restaurant is permitted.

SECTION 105 OIL OR GAS DRILLING

519.21 Such sections do not confer any power on any Township Zoning Commission, Board of Trustees or Board of Appeals to prohibit the use of any land owned or leased by and industrial firm for the conduct of oil or natural gas well drilling or production activities or the location of associated facilities or equipment when such oil or natural gas obtained by the industrial firm is used for the operations of its own plants.

SECTION 106 CONFORMANCES

*519.23 PROHIBITION AGAINST VIOLATING RESOLUTION. No building shall be located, erected, constructed, reconstructed, enlarged, changed, maintain, or used, and no land shall be used in violation of any resolution, or amendment or supplement to such resolution, adopted by any Board of Township Trustees under Section 519.02 to 519.25, inclusive, of Revised Code. Each day's continuation of a violation of this section may be deemed a separate offense.

SECTION 108 LIMITATION OF RESTRICTIONS ON THE LOCATION OF LICENSED RESIDENTIAL FACILITIES TO INCLUDE DEVELOPMENTALLY DISABLED PERSON.

Licensed family homes and license group homes for developmentally disabled persons are provided for under ORC Section 5123. 19. Such facilities shall be permitted and regulated in accordance with this Resolution and in accordance with the laws of the State of Ohio.

SECTION 109 SUBMISSION TO DIRECTOR OF TRANSPORTATION

*5511.01 Before any zoning permit is issued affecting any land with three hundred (300) feet of the centerline of a proposed new highway or a highway for which changes are proposed as described in the certification to local officials by the Director of Transportation or any land with a radius of five hundred (500) feet from the point of intersection of said centerline with any public road or highway, the Zoning Inspector shall give notice by registered mail to the Director of Transportation, and he shall not issue a zoning permit for one hundred twenty (120) days from the date the notice is received by the office. If notified that the state is proceeding to acquire the land needed, a zoning permit shall not be issued. If notified that acquisition at this time is not in the public interest or upon the expiration of the one hundred twenty (120) day period or any agreed upon extension thereof, a permit shall be granted if the application is in conformance with all provisions of this Resolution.

ZONING MAP: The "Zoning Map of Canton Township, Stark County, Ohio".

ARTICLE III

GENERAL PROVISIONS

SECTION 300 ESTABLISHMENT OF DISTRICTS

The unincorporated territory of Canton Township, Stark County, Ohio is hereby divided into zone districts. All such regulations are uniform for each building, structure, or use within each zone district.

SECTION 300.1 DISTRICTS

- R-R Rural Residential District
- R-1 Single Family Low Density Residential District
- R-2 Single Family Residential District
- R-3 Two-Family Residential District
- R-4 Low Density Multi-Family Residential District
- R-5 High Density Multi-Family Residential District
- R-7 Mobile Home Park Residential District
- B-1 Suburban Office and Limited Business District
- B-2 Neighborhood Business District
- B-3 Commercial Business District
- I-1 Industrial District
- I-2 Industrial District

SECTION 300.2 ZONING DISTRICTS MAP

The districts and their boundary lines are indicated upon a map entitled "Zoning Districts Map of Canton Township, Stark County, Ohio", which said map is made a part of this Resolution. The said Zoning Map together with all notations, references, and other matters shown thereon are hereby declared a part of this Resolution.

If changes are made in district boundaries or other matter portrayed on the official Zoning Map, such changes shall be entered on the official Zoning Map on the effective date of the amendment.

SECTION 300.3 INTERPRETATION OF DISTRICT BOUNDARIES

Where uncertainty exists with respect to the boundaries of any of the aforesaid districts as shown on the Zoning Map, the following rules shall apply:

- a. WHERE BOUNDARIES APPROXIMATELY FOLLOW STREETS, ALLEYS OR HIGHWAYS

Where district boundaries are indicated as approximately following the centerline or right-of-way line streets, the centerline or alley line of alleys, or the centerline or right-of-ways constructed lines of highways; such lines shall be construed to be such district boundaries.

b. WHERE BOUNDARIES PARALLEL STREET RIGHT-OF-WAY LINES, ALLEY LINES, OR HIGHWAY RIGHT-OF-WAY LINES

Where district boundaries are so indicated that they are approximately parallel to the center lines or right-of-way lines of streets, the center lines or alley lines of alleys or the center lines or right-of-way lines of highways, such district boundaries shall be construed as being parallel thereto and at such distance there from as indicated on the map. If no distance is given, such dimensions shall be determined by the use of the scale shown on said Zoning Map.

c. VACATION OF PUBLIC WAYS

Whenever any street or public way is vacated in the manner authorized by law, the Zoning Districts adjoining each side of the street or public way shall be automatically extended to the center of such vacations and all area included in the vacation shall thereafter be subject to all regulations of the extended Districts.

SECTION 300.4 SUPPLEMENTARY REGULATIONS

a. PERMITTED USE

No building shall be erected, converted, enlarged, reconstructed, or structurally altered, nor shall any building or land be used in a manner which does not comply with all the District provisions established by these regulations for the Districts in which the building or land is located. Uses which are omitted from these regulations, not being specifically permitted, shall be considered prohibited until, by amendment, such uses are written into these regulations.

b. PERMITTED HEIGHT EXCEPTIONS

No structure shall exceed height limitations as specified in each district with the exception of the following accessory and incidental parts of such structure, which may be erected no more than fifteen (15) feet above the height limits of a district:

- structures for housing of elevators, stairways, tanks, ventilating fans, or similar equipment for operating and maintaining the building
- fire or parapet walls
- Skylights, towers, steeples
- stage lofts and screens
- flagpoles, chimneys, smokestacks
- radio and television aerials, wireless masts
- water tanks or similar structures

Churches and temples may be erected to a height not to exceed seventy-five (75) feet if the building is set back from each lot line one (1) foot for each foot of additional building height in excess of the district limitation.

c. FRONT YARD VARIANCES IN RESIDENTIAL DISTRICTS

In any "R" District where the average depth of at least two (2) existing front yards on lots within two hundred (200) feet of the lot in question and within the same block front *is less* than the least front yard depth prescribed elsewhere in these regulations, the required depth of the front yard on such lot may be modified. In such cases, this shall not be less than the average depth of said existing front yards on the two (2) lots immediately adjoining, or in the case of a corner lot, the depth of the front yard on the lot immediately adjoining; provided, however, that the depth of the front yard on any lot shall not be less than twenty-five (25) feet.

d. CORNER LOT

For corner lots, either street may be designated to meet the required front yard setback, as required for such district. A minimum setback of twenty-five (25) feet will be required on the other street for all structures.

e. ZONING CERTIFICATE

No zoning certificate shall be issued without evidence that the responsible health authority has approved the proposed sanitary sewage disposal facilities for the use for which the zoning certificate has been requested. No zoning certificate shall be granted to build any structure within the confines of the unincorporated area of the township which has ingress or egress to the street until the owner of such property has secured a permit from the State Highway Department, the County Engineer, or the proper township official (whichever authority has jurisdiction), for permission to install a culvert of the proper size and specifications or other adequate method of providing proper road drainage and to provide for the safe ingress or egress to the property required by the State Highway Department, County engineer or proper local township official (whichever authority has jurisdiction) and completed proper safety precautions and the installation of such culvert or drainage facility.

f. SEWAGE FACILITIES

Where central sanitary sewage facilities are not available, the minimum lot size shall be twenty thousand (20,000) square feet for a single-family dwelling, unless a larger area is required by these regulations and/or the responsible Health Authority.

g. ESSENTIAL SERVICES

Essential services as defined by these regulations shall be permitted as authorized under any franchise or that may be regulated by any law of the State of Ohio; it being the intention hereof to exempt such essential services from the application of these regulations.

h. CONSTRUCTION

Nothing contained in these regulations shall hinder the construction of a building or prohibit its use where a permit was previously issued and construction has started before the permit's expiration date, and provided further that such building shall be completed within two (2) years from the date of passage of these regulations or issuance of a Zoning Certificate.

i. PRINCIPAL BUILDING

No more than one (1) principal building shall be permitted on any lot in any residential district unless otherwise specifically stated in these regulations, or as permitted in the R-3 District.

j. SUBSTANDARD LOTS - Residential

Any lot or parcel being a lot of record or a lot for which a land contract has been issued before the effective date of these regulations and containing less than seven thousand five hundred (7,500) square feet in area shall not be issued a permit for residential dwelling use except upon approval of the Board of Appeals.

Any lot or parcel being a lot of record or a lot for which a land contract has been issued before the effective date of these regulations and containing seven thousand-five hundred (7,500) square feet or more, conforming to all front, side, and rear yard requirements and permitted uses of that Residential District may be issued for residential use upon review by the Zoning Inspector.

SUBSTANDARD LOTS - Business and Industrial

Any lot or parcel being a lot of record or lot for which a land contract has been issued before the effective date of these regulations and containing less than fifteen thousand (15,000) square feet in area shall not be issued a permit for Business or Industrial use except upon approval of the Board of Appeals.

Any lot or parcel being a lot of record or a lot for which land contract has been issued before the effective date of these regulations and containing fifteen thousand (15,000) square feet or more, conforming to all front, side, and rear yard requirements and permitted uses of that Business or Industrial District may be issued a permit for Business or Industrial use upon review by the Zoning Inspector.

"Approval of any substandard lot shall be subject to the Stark County Board of Health's approval." (RPC)

k. LOTS, YARDS, AND OPEN SPACE

All Residential, Business, Commercial, and Industrial Districts must be free of debris. **(Amended 7-31-02)**

I. PROJECTIONS INTO YARD AREA

Every part of a required yard shall be free from structures except for accessory buildings in a rear yard, or as permitted in accordance with Section 300.4 (a), and except for the ordinary projections of skylights, sills, cornices, and ornamental features projecting not to exceed twenty-four (24) inches. This requirement shall not prevent the construction of fences not exceeding fifteen (15) feet in height in Business, Commercial and Industrial Districts and not exceeding ten (10) feet in height in all Residential Districts except on that portion of lots within thirty (30) feet of the intersection of two (2) or more streets. The ordinary projections of chimneys or flues are permitted into the required side, rear and front yards.

m. VISIBILITY AT CORNER LOTS

No obstruction to view in excess of two (2) feet in height shall be placed on any corner lot within a triangular area formed by the street right-of-way lines and a line connecting them at points thirty (30) feet from the intersection of the street lines, except that street trees are permitted which are pruned at least eight (8) feet above the established grade of the roadway so as not to obstruct a clear view by motor vehicle drivers.

n. ACCESSORY BUILDINGS

All accessory buildings attached to the principal building on a lot shall be structurally a part thereof, and shall comply in all respects with the requirements of these regulations applicable to the principal building.

A. Residential Districts

Accessory buildings, structures, and uses which are not a part of the principal building shall not be located closer than fifteen (15) feet from the principal or adjacent building or structure and shall comply with the setback requirements of the district in which this is located. There will be a denial of a zoning permit for an accessory building on a parcel without a primary dwelling. **(Amended on 12-14-15)**

Accessory buildings not being part of the main building shall not occupy more than thirty (30) percent of the rear yard area.

Accessory buildings one hundred twenty (120) sq. ft. or less shall be located no closer than five (5) feet to the rear and side yard lot line and comply to all other side and front yard requirements of the Residential Districts, and shall not exceed (15) feet in height.

Accessory buildings one hundred twenty-one (121) square feet or larger shall be limited to eighteen (18) feet in height and shall comply to the side, rear and front set back requirements of their respective districts and shall be located no

closer than the minimum front yard set back and minimum side yard setback of a corner lot of the prospective districts in which they are located.

All unattached accessory buildings shall not exceed the square foot area of the primary use structure on the premises. No accessory building shall be built on a lot without a primary dwelling unless lot is a substandard lot.

The total of all unattached accessory buildings shall not exceed one thousand two hundred (1,200) square feet in R-1, R-2 and R-3 districts.

A farm market structure shall be construed as accessory building for purposes of these regulations and shall meet the requirements of an accessory building in the district in which it is located except that it may be located within twenty (20) feet of the road right-of-way in any district.

B. B-1, B-2, B-3 and I-1 and I-2 Districts

All accessory buildings, structures and uses shall comply with the front, side, and rear yard set back requirements of the respective districts.

An accessory building shall be twenty (20) feet from any adjacent structure upon the premises.

Accessory buildings shall not exceed the maximum building height of the respective district.

C. SATELLITE DISHES

Satellite dishes shall be permitted under the following conditions:

1. Rooftop dishes exceeding four (4) feet in diameter shall not be permitted in R-R, R-1, R-2 and R-3 districts. Dishes which extend above the roof-line and are attached to a pole which is securely attached to the side of a residential dwelling shall be permitted. Rooftop dishes in commercial and industrial districts shall be permitted provided the dish is securely attached to the main roof supports of the building.
2. Dishes shall not be permitted in the front yard area.
3. Satellite dishes shall meet the setback requirements of the respective district.
4. Ground- mounted and roof-mounted satellite dishes eighteen (18) inches in diameter or less are considered incidental to the principal structure and do not require zoning permits. However, they must comply with all other provisions provided for accessory satellite dishes

except maximum diameter permitted which shall be eighteen (18) inches. **(Amended 5-22-98)**

o. TEMPORARY BUILDINGS

Temporary buildings, including construction trailers, for uses incidental to construction work may be erected in any of the zone districts herein established; however, such temporary buildings shall be removed upon the completion or abandonment of the construction work.

p. INCONSISTENCIES

In the event that the requirements or regulatory provisions of these regulations are found to be inconsistent one with another, the more restrictive or greater requirements shall be deemed in each case to be applicable.

q. PROHIBITED USES

No use shall be permitted or authorized to be established which, when conducted in compliance with the provisions of these regulations, and any additional conditions and requirements prescribed, is or may become hazardous, noxious or offensive due to the emission of odor, dust, smoke, cinders, gas fumes, noise, vibration, electrical interference, refuse matter, or water carried wastes.

r. COMPLIANCE WITH BUILDING AND SUBDIVISION REGULATIONS

All structures shall comply with the standards and requirements of the building regulations, adopted and administered by the Stark County Building Department; and, where applicable, the Subdivision Regulations as adopted and administered by the Stark County Regional Planning Commission and the Stark County Commissioners.

s. SWIMMING POOLS

Public or private in-ground or above-ground swimming, wading or other pools with a water depth more than thirty (30) inches shall be considered as structures for the purpose of certificates and shall conform to all required yard setback lines. The construction, plumbing and electrical requirements, inspection, and other safety facilities shall be regulated by the county or state codes.

The swimming pool or the entire property on which it is located shall be walled or fenced having a minimum height of four (4) feet and be equipped with suitable locking devices to prevent uncontrolled access from adjacent properties. Above ground pools with a wall height of four (4) feet or greater measured from the surrounding grade shall not require fencing, but shall have all access steps in a locked position when pool is not in use.

All enclosures shall be maintained in good condition.

t. THE MINIMUM SIZE OF A SINGLE FAMILY DWELLING

It shall have a first floor area of not less than eleven hundred (1100) square feet, outside dimensions, exclusive of breeze-ways, garages, terraces, attics, basements and porches, or a combined area of sixteen hundred (1600) square feet for a full two (2) story single family dwelling. **(Amended 7-8-99)**

u. BUSINESS DISPLAYS

In all Business Districts, all businesses, services and merchandise displays shall be conducted within a completely enclosed building except as otherwise provided in this Resolution.

v. PARKING AND STORAGE OF CERTAIN VEHICLES

No person shall park, store or leave, or permit the parking or storing of any unlicensed motor vehicle or any vehicle in a rusted, wrecked, junk, partially dismantled, inoperative or abandoned condition, whether attended or not, upon any property within the township unless the same is completely enclosed within a building, unless otherwise specifically permitted by these regulations.

Parking or storage of semi tractors or tractor-trailers in any residential district shall be prohibited. The parking or storage of any trailer used for commercial purposes greater than fifteen (15) feet in length in any residential district shall be prohibited.

No more than two (2) recreational vehicles, such as a trailer home, motor home, or boat, may be stored on a side or rear lot in a residential district provided a dwelling does exist and the vehicles have current license plates.

The parking, only, of one (1) commercial vehicle in connection with the residential use of the property within any residential district shall be permitted provided said vehicle does not exceed 9,000 lbs. GVW (gross vehicle weight) and is currently used by the occupant of the dwelling as transportation to or from work. The parking and storage of excavating equipment in any residential district shall be prohibited.

w. CERTIFICATE OF OCCUPANCY

A Certificate of Occupancy shall be required to be obtained from the Zoning Inspector before occupancy of any permitted to conditionally permitted use in all Business and Industrial Districts. Any change in use from one use to another or from one owner/tenant to another will require a new Certificate of Occupancy to be issued.

x. MOBILE HOMES

Where a Conditional Use Certificate was issued by the Canton Township Board of Appeals for mobile home use, prior to the effective date of the Amended Resolution, such mobile homes shall be considered as nonconforming uses as governed by Article VII of these regulations.

y. TOP SOIL REMOVAL AND SURFACE MINING

The purpose is to safeguard health and safety, environmental quality, off-site property damage, land use compatibility, and site monitoring. These regulations are designed to:

- (1) Supplement the efforts of the Division of Reclamation
- (2) Address problems of local concern that are not within the purview of State Law.

EXCEPTIONS: A top soil removal certificate or surface mining certificate is not required where:

- (a) A Zoning Certificate has been issued for construction of a structure or structures on a development area providing those plans specify the affected areas approved for said structure or structures, including parking, driveway or driveways and roadways in compliance with Article X of the Canton Township Zoning Regulations.
- (b) The removal of soils, peat, and minerals are from those areas needed to develop public or private roadways on a final subdivision plat that has been approved by the Stark County Commissioners for development of residential housing, business or industrial complex development.

SECTION 300.5 FENCES, WALLS, AND HEDGES: (Adopted May 22, 1998.)

Fences, walls, hedges shall be permitted in any required yard, or along the edge of any yard in any residential district. The maximum height of fence, wall, or hedge in any residential district shall be ten (10) feet.

Fences, walls, or hedges shall be permitted in any required yard in any business and industrial district. The maximum height of a fence, or hedge in any business and industrial district shall be fifteen (15) feet, with an additional two (2) feet of barb wire permitted if applicable.

Any fence, wall, or hedge located in or along the edge of any yard abutting a public or private thoroughfare in any zoning district shall be located a minimum of ten (10) feet from any street right-of-way line.

Fences, wall, or hedges on any lot shall be located so they **do not** impair vision of traffic in any way.

Zoning permits are required for fences and walls. **(Amended 2-23-21)**

SECTION 300.6 MANUFACTURED OR FACTORY BUILT HOMES (Adopted 5-22-98)

Any manufactured or factory-built housing proposed to be located in any district shall comply with the following:

1. The structure shall be installed upon and properly attached to a permanent foundation system approved by the Stark County Building Department.
2. All hitches, axles, wheels, and conveyance mechanisms shall be removed from the structure.
3. The sitting of the structure shall comply with all yard and setback requirements for the district for which it is proposed.
4. The sitting of the structure shall comply with all parking requirements in effect for the district for which it is proposed.
5. Evidence of an approved means of sanitary sewage disposal must be submitted.
6. The site shall be serviced by adequate essential utilities.

SECTION 300.7 FAMILY/CHILD DAY-CARE HOMES & CENTERS (Adopted 9-01)

Such facilities are limited from zoning control under the Ohio Revised Code 5104.054. Any Type "B" family day care home, whether certified or not certified by the County Director of Human Services shall be considered to be residential use of the property for the purposes of municipal, county, and township zoning and shall be a permitted use in all districts in which residential uses are permitted, R-R, R-1, R-2, R-3, R-4, R-5. No municipal, county, or township zoning regulations shall require a conditional use permit or any other special exceptions certifications for any such Type "B" family day-care home.

Evidence of licensing by the County Director of Human Services must be provided for operation of child day-care center or Type "A" day-care home.

The provider of child day care in a Type "B" family home that is not certified by the County Director of Human Services shall request an inspection of the Type "B" home by the fire Marshall who shall inspect the Type "B" home pursuant to Ohio Revised Code 3737.22 to determine that is in compliance with rules established pursuant to Ohio Revised Code 5104.052.

SECTION 300.8 OUTDOOR FURNACES

SECTION 300.8 (A) INTENT

Even though there are many unregulated burning appliances including fireplaces, indoor wood stoves, and many more indoor wood furnaces, barrel stoves and other unregulated

wood burning devices, those appliances are contained within a structure. Recently, outdoor furnaces have become prevalent and since the content of the Outdoor Furnace meets the zoning definition of "structure" the Canton Township Zoning Resolution shall be applied to encourage environmentally sound practices and responsible utilization that prevents and/or corrects Outdoor Furnace misuse and to encourage cleaner burning efficiencies and environmentally sound practices through implementation of best burn practices. Based on experiences in other communities that have implemented legislation regulating Outdoor Furnaces these requirements shall be followed for the implementation, construction and installation of an Outdoor Furnace within Canton Township, Stark County.

SECTION 300.8 (B) USE REGULATIONS

[Derived from the U.S. EPA Phase I, outdoor Wood-fired Hydronic Heater Program for the Outdoor Furnace Industry, eff. January 29, 2007]

1. General Regulations:

Every Outdoor Furnace shall be laboratory tested and listed to appropriate safety standards such as Underwriters Laboratories UL, Canada and National Standard/Canadian Standards Association CAN/CSA or American National Standards Institute ANSI, standards or other appropriate safety standards. An Applicant shall submit a site plan to show where the unit will be located on the property and to confirm compliance with all zoning setback requirements. Any Outdoor Furnace shall be installed, operated and maintained according to the manufacturer's instructions. Only natural wood or the manufacturers listed fuels may be burned in any Outdoor Furnace. Burning of any and all other materials is prohibited. Items that are specifically prohibited and that shall never be burned include, but are not limited to; trash, plastics, gasoline, rubber, naphtha, household garbage, materials treated with petroleum products (particleboard, rail road ties and pressure-treated wood), leaves, paper products and cardboard.

2 Specific Regulations:

a. Only an Outdoor Furnace that has been EPA OWHH Phase 1 Program qualified (The model has met the EPA OWHH Phase 1 emission level and has the proper qualifying seal, label and tag.) shall be permitted.

b. Every Outdoor Furnace shall meet the following setback requirements:

1. Minimum lot size of two (2.0) acres;
2. Shall be prohibited in any front or side yard [shall only be permitted in the rear yard];
3. Shall be no closer than 50 feet from the rear lot line;
4. Shall be no closer than 50 feet from the side lot line;
5. Shall be no closer than 25 feet from the principal structure or any ancillary structure on the parcel;

6. Shall be no closer than 100 feet from any building not being served by the Outdoor Furnace and located within a 100 feet radius of the Outdoor Furnace, whether on the subject parcel of real property or on an adjacent parcel of real property;
7. If located within 300 feet of any building located on adjacent parcels the Outdoor Furnace chimney shall be not less than 2 feet higher than the peak of the roof of that building.
8. Shall be subject to all applicable Stark County Building codes.

3. General Regulations:

- a. Every Outdoor Furnace shall be constructed, installed, operated and maintained in conformance with the manufacturer's instructions and the requirements of this Zoning Resolution.
- b. The Applicant of any Outdoor Furnace permit shall produce the manufacturer's owner's manual or installation instructions for the Zoning Inspector's review and approval prior to the Zoning Inspector issuing the applicable permit.
- c. The Applicant of any Outdoor Furnace permit shall produce a site plan to clearly show where the unit will be located on the property and to confirm compliance with all zoning setback requirements.
- d. No permit shall be issued for any Outdoor Furnace that has not been laboratory tested and listed to appropriate safety standards such as UL, CAN/CASA, ANSI or other applicable safety standards.
- e. No permit shall be issued for and Outdoor Furnace that shall be used to burn:
 1. Wood that has been painted, varnished or coated with similar material and/or has been pressure-treated with preservatives or contains resins or glues such as are contained in plywood or other composite wood products;
 2. Rubbish or garbage, including but not limited to, food wastes, food packaging, food wraps;
 3. Any plastic materials including but not limited to nylon, PVC, ABS, polystyrene or urethane foam, synthetic fabrics, plastic films and plastic containers;
 4. Rubber including tires or other synthetic rubber-like products;
 5. Newspaper, and cardboard, or any paper with ink or dye print;

6. Any other items that are not Natural Wood or Natural Wood-based fuels (wood pellets, corn, or other palletized biomass) as specifically manufactured for an Outdoor Furnace.

7. Chimney height for every Outdoor Furnace shall extend at least 2 feet above the peak of any building not served by the Outdoor Furnace and located within 300 feet of the Outdoor Furnace.

4. Nuisance Condition:

If an Outdoor Furnace is, through the course of a proper investigation by local authorities (health department, building, department, EPA, fire department, etc.), creating a verifiable nuisance, as defined by law, the following steps shall immediately be taken by the owner and the Zoning Inspector shall refer the complaint to the appropriate, local authorities having jurisdiction:

a. Modifications shall be made to the unit to eliminate the nuisance such as extending the chimney, relocating the Outdoor Furnace or both;

b. Cease and desist operating the unit until necessary steps are completed to ensure that the Outdoor Furnace will no longer be a nuisance.
(Added 4-22-10)

SECTION 300.9 SMALL WIND ENERGY SYSTEMS

300.9 (A) INTENT

It is the purpose of this regulation to promote the safe, effective and efficient use of small wind energy systems that are installed to reduce the on-site consumption of utility supplied electricity. A small wind energy system may be permitted in all districts as a conditionally permitted use.

No person shall cause, allow or maintain the use of a small wind energy system without first having obtained a conditional zoning certificate from the Board of Zoning Appeals.

300.9 (B) REGULATIONS

Application for a conditional zoning certificate shall be submitted to the zoning inspector and forwarded to the Board of Zoning Appeals in accordance with Article VIII Conditional Zoning Certificates. (Added 4-22-10)

ARTICLE IV

Section 1 INTENT

These regulations are established to provide for the construction and use of wireless telecommunication towers and facilities as permitted uses and conditional uses depending on the specific land areas of Canton Township in which they are proposed to be located. The purpose of these regulations is to balance the competing interests created by the Federal Telecommunications Act of 1996, Public Law 104-104, and the interests of Canton Township in regulating wireless telecommunication towers and related facilities for the following purposes:

- A. To protect property values;
- B. To regulate a commercial use as so as to provide for orderly and safe development within Canton Township;
- C. To provide for and protect the health, safety, morals and general welfare of the residents of Canton Township;
- D. To protect residential properties, parks, open spaces and the non-intensive commercial zoning districts which are characteristic of Canton Township from the adverse effects of towers and related facilities;
- E. To promote collocation of wireless telecommunication facilities in order to decrease the number of towers in Canton Township; and
- F. To maintain, where possible, the integrity of the existing regulations contained in the Canton Township Zoning Resolution.

Section 2 DEFINITIONS

- A. Collocation: The use of a wireless telecommunication facility by more than one wireless telecommunication provider or by one provider for more than one type of telecommunication technology.

B. Lattice Tower: A support structure constructed of vertical metal struts and cross braces forming a triangular or square structure, which often tapers from the foundation to the top.

C. Monopole: A support structure constructed of a single, self-supporting hollow metal tube securely anchored to a foundation.

D. Telecommunication: The technology which enables information to be exchanged through the transmission of voice, video or data signals by means of electrical or electromagnetic systems.

E. Wireless Telecommunications Antenna: The physical device through which electromagnetic, wireless telecommunications signals authorized by the Federal Communication Commission are transmitted or received. Antennas used by amateur radio operators are excluded from this definition.

F. Wireless Telecommunications Facility: A facility consisting of the equipment and structures involved in receiving telecommunication or radio signals from a mobile radio communication source and transmitting those signals to a central switching computer which connects the mobile unit with the land-based telephone lines.

G. Wireless Telecommunication Tower: A structure intended to support equipment used to transmit and/or receive telecommunications signals including monopole, guyed and lattice construction steel structures.

Section 3 PERMITTED LOCATIONS

A wireless telecommunications tower or facility may be located in the following areas, under the following circumstances and upon an application for a zoning certificate and issuance of such certificate, or letter from the Zoning Inspector. Efforts shall be made to locate in the areas listed in order of priority listed.

A. First Priority: New wireless antennas may collocate on existing towers or on existing structures which have been constructed for the purposes, such as but not limited to water towers, church steeples, chimneys, and cooling towers.

B. Second Priority: A wireless telecommunication tower and/or antenna facility may be located in an I-1, I-2, B-1, B-2, B-3 zoning district as set forth on Canton Township Zoning Map.

Section 4 LOCATIONS REQUIRING CONDITIONAL USE APPROVAL

A wireless telecommunications tower or facility may be located in the following areas as a conditional use only upon approval of the Board of Zoning Appeals provided the applicant demonstrates compliance with the following standards as well as the standards set forth in Section 800.2 and the procedures set forth in Section 800.

A. Locations : Efforts shall be made to locate wireless telecommunication towers and facilities in the following areas, in order of priority listed;

1. First Priority: In a R-R District, (minimum 5 acres) located at least 300 feet from an existing residential dwelling;
2. Second Priority: In a R-4, R-5, Districts located at least 300 feet from an existing residential dwelling;
3. Third Priority: In a R-1, R-2, R-3, R-7 Districts located at least 300 feet from an existing residential dwelling.

B. In order for the Board of Zoning Appeals to consider the location of a wireless telecommunication tower and facility as a conditional use, the applicant shall demonstrate that;

1. There is no technically suitable space for the applicant's antenna (s) and related facilities reasonably available in a permitted location as set forth in Section 3 or;
2. If another tower, building or structure set forth in Section 3 is technically suitable, the applicant must show that it has requested to collocate on the existing tower, building or structure and the collocation request was rejected by the owner of the tower, building or structure or;
3. If an area set forth in Section 3 is technically suitable, the applicant must demonstrate that a technically suitable location is not available in any area set forth in Section 3 and shall list the location of every tower, building or structure and all of the areas set forth in Section 3 that could support the proposed antenna(s) so as to allow it to serve its intended function, and the reasons why such tower, building or structure or area has been determined not to be technically suitable.

Section 5 COLLOCATION COVENANT OF GOOD FAITH

A. All towers, owned by a licensed carrier, upon which this section permits collocation, of additional antennae, shall be made available for use by the owner or initial user thereof, together with as many other licensed carriers as can be technically collocated thereon. However, such licensed carrier may charge a reasonable fee for collection of additional antennae upon said tower.

B. All licensed carriers shall cooperate with each other in collocating additional antennae upon such towers. All licensed carriers shall exercise good faith in collocating with other licensed carriers and in sharing of towers, including the sharing of technical information to evaluate the feasibility of collocation. In event that a dispute arises as to whether a licensed carrier has exercised good faith in allowing other licensed carriers to collocate upon its tower, the Zoning Inspector may require a third party technical study to evaluate the feasibility of collocation at the expense of either or both licensed carriers. This

covenant of good faith and fair dealing shall be condition of any permit issued pursuant to this Section for a new tower.

C. Any licensed carrier that allows collocation upon a tower permitted pursuant to this Section may condition said collocation antennae does not cause electronic or radio-frequency interference with existing antennae. In the event that the collocated licensed carrier is unable to remedy the interference, the owner of the tower shall be relieved of its obligation to allow collocation of the interfering antennae upon its structure.

Section 6 STANDARDS APPLICABLE TO ALL WIRELESS TELECOMMUNICATIONS TOWER FACILITIES

All wireless telecommunication towers and facilities shall comply with the following standards and conditions:

A. Towers shall be located, to the extent possible to minimize any adverse impacts on or abutting residential property.

B. The minimum setback of the tower from all property lines shall be:

1. When it is demonstrated, because of its design and construction, that in case of collapse, adjacent property shall not be affected, the minimum set back shall be:

a. To avoid any damage to adjacent structures;

b. 75 feet from any property line abutting a residential lot, provided that the base of the tower, including any guy wire anchors and required enclosure shall comply with the front yard setbacks for the district in which it is located.

C. Towers located as a conditional use in accordance with Section 4 shall not exceed a height of 200 feet and shall be a monopole structures.

D. Any accessory structure related to the wireless telecommunication facility shall not exceed a height of 10 feet and shall not exceed 50 square feet in area, either above or below ground

E. The applicant of a proposed tower shall demonstrate that the proposed tower is the minimum height necessary to accommodate the antennae and is no higher than existing towers housing similar antennae.

F. Prior to approving a new tower, a tower height greater than those prevailing in the area, or a tower in a location not in compliance with these regulations, the applicant shall demonstrate to Canton Township that such new tower or additional height is needed to meet the reasonable service requirements of the applicant. This assessment shall include consideration of alternative sites and the operational implications for collocation impact on residents, impact on service levels, etc. Canton Township may retain consultant(s) to review the information with the reasonable costs for such consultation being borne by the applicant(s).

G. The base of the tower, including any guy wires, and all related facilities shall be completely enclosed with a secure fence having a minimum height of 8 feet. The fence shall include three strands of barbed wire along the top and shall be equipped with a locked gate. The fence shall be completely screened from view by at least one of the following:

1. A row of evergreens trees spaced not less than ten (10) feet on center. The initial planting shall be no less than six (6) feet tall.
2. Existing vegetation, inclusive of trees and shrubs, shall be preserved to the maximum extent possible.
3. Other appropriate landscaping that achieves the screen objective.

H. The tower shall be painted a non-contrasting gray or similar color minimizing its visibility, unless otherwise required by the Federal Communication Commission (FCC) or Federal Aviation Administration (FAA).

I. The tower shall be equipped with an appropriate anti-climbing device or shall have all climbing pegs from the lower 20 feet of the tower removed and separately secured from the public.

J. The tower shall not be artificially lighted except as required for security and safety, or by the Federal Aviation Authority (FAA). Any lighting so required shall be installed to minimize the impact on adjoining properties. A standard red beacon shall be used during the hours of 6:00pm to 6:00pm, strobe or similar high intensity lighting is permitted during day light hours only, being the hours of 6:00am to 6:00pm

K. Any accessory building shall comply with the location regulations set forth for the district in which the tower is located.

L. "NO TRESPASSING" signs and a warning sign shall be posted on the required fence in clearly visible locations. The warning sign shall include a local or toll free telephone number of whom to contact in the event of an emergency. The warning sign shall be 12 inches by 12 inches. No other sign or advertising shall be located anywhere on the facility.

M. The applicant shall submit a reclamation plan at the time of the development plan review. All towers, structures and equipment shall be removed by the owner of the tower or facility, and the site restored to its original state within six (6) months following the date that the tower is no longer operational.

Section 7 ABANDONED TELECOMMUNICATION FACILITIES

A. The owner or operator of a tower shall, on an annual basis, submit a written report to the Zoning Inspector, signed under penalty of perjury, which demonstrates whether or not there has been a cessation in use of the tower for a period of three months during the prior year. Annual compliance reports shall be submitted by January 1st of each calendar year.

Provided, however, that a tower permitted and installed within nine months prior to January 1st shall not be required to submit the first compliance report until the following January 1st.

B. Any tower that has had no antenna mounted upon it for a period of six (6) months, or if the antenna mounted thereon are not operated for a period of three months, shall be considered abandoned, and the owner thereof shall remove the tower within 180 days after receipt of notice from the Zoning Inspector to do so.

C. In the event that more than one wireless communication service provider is using the antenna support structure, the antenna support structure shall not be considered abandoned until all such users cease using the structure as provide in this Section.

D. If a tower and facilities are not removed within the 90 days after receipt of a notice from Canton Township requiring said removal, Canton Township may seek and obtain a court order directing such removal and imposing a lien upon which such tower is situated in an amount equal to the cost of removal.

Section 8 FCC COMPLIANCE

Prior to receiving final inspection by the Zoning Inspector, documentation shall be submitted to the Zoning Inspector certifying that the wireless telecommunication facility complies with all current Federal Communications Commission (FCC) regulations for non-ionizing electromagnetic radiation (NIER).

Such pole signs shall not exceed three hundred (300) square feet in size and fifty (50) feet in height and shall be located no closer than ten (10) feet to the right-of-way or property lines.

SECTION 501.7 REQUIREMENTS FOR ALL SIGNS IN ANY DISTRICT

The following regulations shall apply to all signs in all use districts unless otherwise specified herein.

1. Any illuminated sign or lighting device shall employ only an emitting light of constant intensity, and no sign shall be illuminated by or contain flashing, intermittent, rotating or moving light or lights, with the exception of an electronic message center.
2. No sign shall be erected or maintained which projects from the front or face of a building a distance of more than two (2) feet, including those projecting from the face of any theater, hotel or motel marquee and excluding awning and canopy signs.
3. No sign shall be placed on the roof of any building, except those signs which appear to be a continuation of the face of the building or a mansard roof, so long as the sign does not extend above the upper edge of the mansard roof line.
4. No portable or temporary sign shall be placed on the front or face of a building or on any premises except as provided in these regulations.
5. Awning signs may extend for the width of a building with no more than eight (8) feet projection. Minimum clearance of an awning shall be at least eight (8) feet from the ground unless projecting over a vehicular right-of-way in which case clearance shall be fourteen (14) feet minimum. Awning signs shall conform to all other applicable sign regulations.
6. All signs shall be plainly marked with the name and the phone number of the party responsible for maintenance. All signs shall be properly maintained. Defective, torn, or damaged parts shall be replaced. All yard signs shall be firmly attached to support structure (Refer to Stark County Code).
7. No sign shall be located closer than ten (10) feet to any side or rear property line nor within ten (10) feet of any public right-of-way, except as indicated in Section 501.3 above.
8. No sign shall be suspended by non-ridged attachments that will allow the sign to swing in the wind. All yard signs in excess of ten (10) feet in height shall have supporting structures firmly attached to a foundation to meet Stark County Building Code. Guide wires shall not be permitted to be attached to secure a yard sign.
9. No off-premises sign shall be permitted unless a written authorization from the property owner is submitted with the sign application.

SECTION 501.8 MEASUREMENT OF SIGN AREA

The surface area of a sign shall be computed as including the entire area within a regular geometric form comprising all of the display area of one (1) side of the sign and including all elements of the matter displayed. Frames and structural members not being advertising matter shall not be included in computation of surface area.

The surface area of a double faced, back to back sign shall be calculated by using only the area of one (1) side of such sign, so long as the distance between the faces of such signs does not exceed three (3) feet.

The surface of a double faced sign constructed in the form of a "V" shall be calculated by using the area of only one (1) side of such sign (the larger side if there is a size difference) so long as the angle of the "V" does not exceed thirty (30) degrees and the widest distance between the back of the sign does not exceed five (5) feet.

Where a sign consists of individual letters, elements or symbols, the measurement area shall consist of the area beginning at the first letter, element or symbol of the sign to the last letter, element or symbol, on the sign including all wall space between the individual letters, elements or symbols.

Where a sign is made a part of an awning or canopy, the entire area within a regular geometric form comprising all of the sign area, including all elements and symbols of signage, shall be computed as surface area. This shall exclude a canopy of awning used as a directional sign as set out in Section 501.3 (1).

SECTION 501.9 TEMPORARY AND PORTABLE SIGNS

A. Temporary Signs Not Requiring a Permit

1. One (1) real estate sign not more than sixteen (16) square feet in size per street frontage. Such sign must be removed within seven (7) days of sale, rental or lease of premises. Two (2) off premises real estate directional signs no larger than three (3) square feet each may be permitted per property advertised. Directional sign for purposes of this subsection 501.1. A buffer yard plan shall be required for E(4) and E(5) above and shall consist of one (1) of the following or a combination of two (2) or more, as approved by the Zoning Inspector or the Board of Zoning Appeals, in the event of an appeal, variance or conditional use. The buffer yard plan shall be implemented within one (1) year of the completion of each building or phase of development. A building phase or parking area shall be considered complete the day it is first used for the purpose intended.
 - a. A landscaped solid fence or wall of materials compatible with the principal building.
 - b. A mix of trees and shrubs that is expected to form a six (6) foot high screen within three (3) years of planting.
 - c. A landscaped earthen mound not less than four (4) feet in height and no more than six (6) feet in height.
 - d. Maintenance of existing natural vegetation which, in its natural state, forms a six (6) feet high screen.

10. All required landscaping or buffer yards shall be maintained by the property owner or agent. All landscaping that dies or is destroyed must be replaced within six (6) months.
- F. LOCATION - The parking spaces required for dwelling units shall be located on the lot, and parking spaces for other uses shall be located on the lot or within five hundred (500) feet of the main use measured along lines of public access to the property.
- G. PERMITS AND APPROVAL - All parking site plans must comply with current fire safety standards and must be approved by the Canton Township Fire Department. Completion of the parking lot shall comply with that approved site plan. Changes and/or additions to any approved site plan shall require a permit and final approval by the Zoning and Fire Departments.

Before a Zoning Permit is issued for any proposed building which has:

1. A general side length of one hundred fifty (150) feet or more and/or
2. A height of thirty five (35) feet or more from finished front or rear grade, the plot plan and general design shall be reviewed and approved by the Canton Township Fire Chief or his designee for compliance to State and Local Fire Codes, Rules and Directives as they relate to the building and accesses thereto. Such review shall pertain to the health, safety and welfare of the occupants of such structure and the ability of the local fire department to provide adequate safety as determined by the Fire Chief.

SECTION 600.3 LOADING AND UNLOADING SPACE REQUIREMENTS

A. MINIMUM SPACES REQUIRED.

1. Every building used for nonresidential purposes which customarily receives or distributes goods by motor vehicle shall provide sufficient space on the premises for all loading, unloading, and service purposes.
 - a. Access to truck loading and unloading space shall be provided directly from a public street or alley or from any public or private right-of-way that will not interfere with public convenience and that will permit the orderly and safe movement of such trucks, emergency vehicles, fire trucks and other vehicles.
 - b. Loading spaces as required under this section shall be provided as area additional to off-street parking spaces as required under Section 601 and shall not be considered as supplying off-street parking space.
 - c. All vehicles loading and unloading shall do so from the property and must not interrupt traffic flow.

SECTION 600.4 PARKING AND LOADING REQUIREMENTS FOR USES NOT SPECIFIED

Where the off-street parking and loading requirements for a use are not specifically defined herein, the parking and loading facilities for such use shall be developed so as to be sufficient to meet all the parking and loading needs of the proposed use; right-of-way of any publicly dedicated thoroughfare.

SECTION 600.5 PARKING REQUIREMENTS FOR I-1 AND I-2 DISTRICTS

In I-1 & I-2 districts, parking spaces shall be adequate per employee on the maximum working shift, provided there shall be reservation of an open space area large enough to accommodate the number of parking spaces required in the event the parking spaces are needed in the future. **(Adopted 4-13-00)**

ARTICLE VII

NON CONFORMING USES

SECTION 700 PURPOSE

The purpose of this section is to provide for the continuation of uses that do not conform to the existing zoning, but which were in operation prior to the enactment of this resolution or amendments thereto.

SECTION 700.1 REGULATIONS

The lawful use of any building or land existing at the effective date of this Resolution or amendments thereto may be continued, although such uses does not conform with the provisions of this Resolution.

A. ALTERATION AND ENLARGEMENT

A nonconforming building, structure, or use existing at the time this resolution takes effect may be altered or enlarged as to extend such use of structure not to exceed an additional twenty-five (25) percent in square foot area, upon application and approval by the Township Zoning Inspector and Ohio Revised Code 519.19.

B. NONCONFORMING TO NONCONFORMING USE

A nonconforming use may be changed to another nonconforming use provided that the changed nonconforming use is identical or in less conflict with character and use of the district than the existing nonconforming use as determined by the Board of Appeals.

C. Nothing in this Resolution shall prevent the reconstruction, repairing, rebuilding and continued use of any nonconforming building or structure damaged by fire, collapse, explosion, or acts of God, subsequent to the date of this Resolution, provided such replacement or repair does not extend the nonconforming use in square feet area, except as permitted in Section 700.1 (A).

D. CONSTRUCTION APPROVED PRIOR TO RESOLUTION

Nothing in this Resolution shall prohibit the completion of construction and use of a nonconforming building for which a zoning certificate has been issued prior to the effective date of this Resolution, or any amendment thereto, provided that the construction is commenced within ninety (90) days after the adoption of this Resolution that construction is carried on diligently and without interruption for a continuous period in excess of thirty (30) days, and that the entire building shall have been completed within one (1) year after the issuance of said zoning certificate.

E. DISPLACEMENT

No nonconforming use shall be extended to displace a conforming use.

F. DISCONTINUANCE OR ABANDONMENT

Whenever a nonconforming use has been discontinued for a period of two (2) years or more, any further use shall be in conformity with the provisions of this resolution.

G. UNSAFE STRUCTURES

Nothing in this Resolution shall prevent the strengthening or restoring to safe condition of any portion of a building or structure declared unsafe by a proper authority.

H. CERTIFICATE OF NONCONFORMING USE

Within one (1) year of the effective date of this Resolution the Zoning Inspector shall issue a "Certificate of Nonconforming Use" to all known owners of legal nonconforming use property.

1. In accordance with the provisions of this section, no use of land, buildings, or structures shall be made other than that specified on the "Certificate of Nonconforming Use" unless said use shall be in conformance with the provisions of the use zone in which the property is located.

2. A copy of each "Certificate of Non conforming Use" shall be filed in the office of the Zoning Inspector.

I. DISTRICT CHANGES

Whenever the boundaries of a district shall be changed so as to transfer an area from one district to another of a different classification, the foregoing provisions shall also apply to any nonconforming use existing therein.

ARTICLE VIII

CONDITIONAL ZONING CERTIFICATES

SECTION 800 PURPOSE

To provide for issuance of conditional zoning certificates where conditionally permitted uses are provided for in this Resolution.

SECTION 800.1 PROCEDURES FOR MAKING APPLICATION

Any application for a Conditional Zoning Certificate for any land, structure, or use permitted under this Resolution shall be submitted in accordance with the following procedures:

A. APPLICATION SUBMITTED TO THE SECRETARY OF BOARD OF ZONING APPEALS

Any application for a Conditional Zoning Certificate shall be made to the Secretary of the Board of Zoning Appeals for submission to the Board of Zoning Appeals on a special form for that purpose. Each application shall be accompanied by a fee as required in Section 1000.10, which fee shall not be refundable. In addition the Board of Zoning Appeals, where appropriate, may refer an application to qualified consultants for a report requesting whether a special study is required. The cost of such report shall be at the expense of the applicant, and said report shall be furnished to the Board of Zoning Appeals as soon as it is practicable.

B. DATA REQUIRED WITH APPLICATION

1. Form supplied by Board of Zoning Appeals completed by applicant.
2. Site, plan, plot plan, or development plan of the entire property being considered, drawn to a reasonable scale and showing the location of all abutting streets, the location of all existing adjacent and proposed structures, the types of buildings, their use, and the acreage or area involved, including that for parking.
3. Sufficient plans and specifications for all proposed development and construction, and where appropriate, reclamation.

C. REVIEW OF APPLICATION BY THE BOARD OF ZONING APPEALS

The Board of Zoning Appeals shall review the proposed development, as presented on the submitted plans and specification in terms of the standards established in this Resolution. Such review by the Board of Zoning Appeals shall be completed and made public within forty-five (45) days of the date of submission.

D. HEARING OF APPLICATION

After adequate review and study of any application by each individual Board of Zoning Appeals Member, the Board shall hold a public hearing upon every application after at least one (1) publication in a newspaper of general circulation in the township. Such notice shall indicate the time, place and subject of the hearing. Published at least ten (10) days prior to the date of the hearing,

E. ISSUANCE AND REVOCATION OF CONDITIONAL ZONING CERTIFICATES – VIOLATION AND PENALTY.

Only upon conclusion of hearing procedures relative to a particular application and adequate review and study may the Board of Zoning Appeals issue a Conditional Zoning Certificate. The breach of any condition, safeguard, or requirement shall automatically invalidate the certificate granted, and shall constitute a violation of this Resolution. This authority shall be in addition to the authority contained in Section 519.14 (D) of the OHIO REVISED CODE for the revocation of a conditional zoning certificate.

F. RE-SUBMISSION OF APPLICATION FOR CONDITIONAL USE PERMIT

No application for a Conditional Zoning Certificate which has been denied wholly or in part by the Board of Zoning Appeals shall be resubmitted until the expiration of one (1) year or more from the date of such denial, except on grounds of newly discovered evidence or proof of changed conditions which would be sufficient to justify reconsideration as determined by the Board of Zoning Appeals. At the expiration of one (1) year from the date of the original application each re-application shall be accompanied by the required fee.

G. TERMINATION

The Conditional Zoning Certificate shall become void at the expiration of one (1) year after date of approval by the Board of Zoning Appeals unless the structure, alteration or land use has begun.

H. CONTINUATION OF EXISTING USES CONDITIONALLY PERMISSIBLE

All uses existing at the time of passage of this Resolution and conditionally permissible in their respective districts under this Resolution shall be issued Conditional Zoning Certificates by the Zoning Director within one (1) year after the passage of this resolution.

SECTION 800.2 BASIS OF DETERMINATION

The Board of Zoning Appeals shall determine beyond reasonable doubt that the general standards and the specific standards pertinent to each use indicated herein shall be satisfied by the completion and operation of the proposed development. The Board of Zoning Appeals may also impose such additional conditions and safeguards deemed necessary for the general welfare for the protection of individual property rights, and for insuring that the intent and objectives of this Resolution will be observed.

A. GENERAL STANDARDS

The Board of Zoning Appeals shall review the particular facts and circumstances of each proposed use in terms of the following standards and shall find adequate evidence showing that such use on the proposed location:

1. Will be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and such use will not change the essential character of the same area.
2. Will not be hazardous or disturbing to existing or future neighboring uses.
3. Will not be detrimental to property in the immediate vicinity or to the community as a whole.
4. Will be serviced adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, and schools; or that the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately for such services.
5. Will be in compliance with Township, County, State, and Federal regulations.
6. Will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public streets or roads.

SECTION 800.3 REGULATIONS PERTAINING TO CONDITIONALLY PERMISSIBLE USES AS LISTED IN SECTIONS 400.2B, 401.2B, 402.2B, 403.2B, 404.2B, 407.2B, 411.2B, 412.2B, 413-2B, 421.2B, 422.2B.

SUBSECTIONS:

101. All structures and activity areas should be located at least one hundred (100) feet from all property lines.
102. Loud speakers which cause a hazard or annoyance shall not be permitted.
103. All points of vehicular entrance or exit shall be located no closer than one hundred (100) feet from the intersection of two (2) major thoroughfares, or no closer than fifty (50) feet from the intersection of a major street and a local or collector street.
104. There shall be no more than one (1) advertisement located on each abutting road identifying the activity.
105. No lighting shall constitute a nuisance and shall in no way impair safe movement of traffic on any street or highway; no lighting shall shine directly on adjacent properties.
106. Such developments should be located on major thoroughfares or at intersections of major and/or collector streets.
107. Such uses shall not require extensions of utility services at the expense of the Township.
108. Site locations should be preferred that offer natural or man-made barriers that would lessen the effect of intrusion into a residential area.
109. Such uses should be properly landscaped to be harmonious with surrounding residential uses.
110. Surface mining or strip mining operations and/or related activities in the following districts shall not be permitted within two hundred (200) yards of any property in said districts or within one hundred (100) yards of any property in an adjacent B-1, B-2, B-3 district or within fifty (50) feet of any property in an adjacent I-1 and I-2 district not owned or controlled by the operator; unless and until the operator has obtained the written consent of the adjacent property owner(s). "Operations" and "Related Activities" shall include, but not be limited to: storage of equipment, extraction of minerals, storage of extracted minerals, processing of extracted minerals, loading of extracted minerals, removal of overburden (in preparation for extraction), and construction and/or utilization of any office buildings, parking areas, fuel depots, scale stations, garages, and tool sheds associated with or used in conjunction with the operator's mining activities.

RR Rural Residential District

Operations, including the start-up and/or warm-up of any extraction, processing, or related equipment, shall not commence before 7:00 A.M. local time. and shall terminate no later than 5:30 P.M. local time.

Operations on Sundays and legal holidays recognized by the State and/or Federal Governments shall be prohibited. Actual working hours requested by applicant are subject to approval or modification by the Board of Zoning Appeals.

Surface mining or strip mining operations and/or related activities in the I-1 and I-2 districts shall not be permitted within fifty (50) feet of any property located in said district or within one hundred (100) yards of any property in an adjacent B-1, B-2, B-3 district, or within two hundred (200) yards of any property in an adjacent R-R. R-1, R-2, R-3 and R-7 District not owned or controlled by the operator; unless and until the operator has obtained the written consent of the adjacent property owner(s). "Operations" and "Related Activities" shall include, but not be limited to: storage of equipment, extraction of minerals, storage of extracted minerals, processing of extracted minerals, loading of extracted minerals, removal of overburden (in preparation for extraction), and construction and/or utilization of any office buildings, parking areas, fuel depots, scale stations, garages, and tool sheds, associated with or used in conjunction with the operator's mining activities.

111. Conditional Use Zoning Certificate for the removal of top soil shall meet the following requirements :

- a. Every applicant granted a top soil removal certificate as herein provided shall furnish a performance bond of two thousand five hundred (\$2,500.00) dollars per acre with a minimum bond of five thousand (\$5,000.00) dollars to the Township of Canton as a guarantee that such work will be done in a satisfactory manner.
- b. A reclamation plan shall include a substitute resoiling material that will support vegetation capable of self-regeneration and plant succession.
- c. Operations on Sundays, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas shall be prohibited. Actual working hours requested by applicant are subject to approval or modification by the Board of Appeals.
- d. Applicant must designate approximate time of completion of reclamation.
- e. Reclamation shall be progressive to prevent erosion.
- f. The storage of top soil from other sites shall be permitted only in Industrial Districts.

112. Requirements:
- a. Reclamation is required within one (1) year from expiration date of a Conditional Use Certificate or the abandonment of the operations.
 - b. All other reclamation requirements for surface mining or strip mining shall be approved by the Division of Reclamation.
 - c. A copy of State application, as approved by the Division of Reclamation, and any revisions to the application over the life of the permit, shall be submitted to the Board of Zoning Appeals.
 - d. Applications or revisions submitted to the Division of Reclamation subsequent to the issuance of a Canton Township Surface Mining or Strip Mining Certificate shall be presented to the Board of Zoning Appeals within ten (10) days of approval by the Division of Reclamation.
113. Truck routes shall be established for movement into and out of the development in such a way that it will minimize the wear on public streets and prevent hazards and damage to other properties in the community.
114. All permitted installations shall be maintained in a neat, orderly condition so as to prevent injury to any single property, any individual, or to the community in general.
115. The area of use shall be completely enclosed by a six (6) foot fence (open or closed) and appropriately landscaped to be harmonious with surrounding properties.
116. Such uses shall be permitted subject to the following conditions:
- a. Such use shall be conducted entirely within the dwelling unit and or yard space.
 - b. Such use shall be clearly incidental and secondary to the use of the dwelling for dwelling purposes.
 - c. Such use shall be owned and operated solely by the person or persons residing in the dwelling unit.
 - d. There shall be no display nor stock in trade nor commodities sold except those which are produced on the premises.
 - e. No newspaper, radio, or television service shall be used to advertise such home occupation.
 - f. One (1) unlighted name plate not more than (4) square feet in area announcing the name and home occupation shall be permitted.

- g. Such uses shall not create a nuisance by reason of noise, odor, dust, vibration, fumes, smoke, electrical interference, or other causes.
- h. Parking spaces shall be provided off-street for any traffic generated by such use.

117. Requirements:

- a. Processing equipment to be located at the site in such a way that will minimize adverse noise impact upon surrounding dwellings.
- b. Existing natural and man-made barriers at the site shall be provided as a protection and screening against noise, dust and visual protection for all operations.
- c. Haul roads shall be positioned to provide for safe access to State, County and Township roads. These roads shall be hard surfaced for dust control.
- d. Stakes of one (1) color shall be set and maintained along the perimeter of the area designated for top soil or mineral removal at one hundred foot (100) intervals or less.
- e. The storage of minerals, peat or coal from other surface mined or strip mined operations shall be permitted only on sites in Industrial Districts.

118. Special Provisions for Group Dwellings:

- a. Group dwellings shall be considered as one (1) building for the purpose of determining front, side, and rear yard setback requirements; the entire development as a unit requiring one (1) front, one (1) rear and two (2) side yards as specified for two-family or multi-family dwellings in the appropriate district.
- b. Each group dwelling development unit shall have a minimum court of thirty (30) feet in width between group dwellings measured from the building foundation or building overhang or attached permanent structure, whichever is the lesser distance.
- c. Trash dumpsters shall not be placed between garages separated by less than twenty (20) feet spacing.
- d. A ten (10) foot buffer yard shall be provided around the perimeter of the property. The buffer yard plan shall be in compliance with Section 600.2-E-6 of these regulations and shall be implemented within one (1) year of the completion of each building or phase of development. A building phase or parking area shall be considered complete the day it is first used for the purpose intended. Changes thereto shall be approved by the Zoning Inspector prior to completion.

119. Such Uses Shall be Permitted Under the Following Conditions:
- a. Provided that such facilities be located at the extremity of the business districts so as not to interfere with the pedestrian interchange between stores in the district and provided further that it would not limit expansion of the pedestrian-oriented facilities.
 - b. No more than two (2) driveway approaches shall be permitted directly from any one (1) thoroughfare and shall not exceed thirty (30) feet in width at the property line.
 - c. If the property fronts on two (2) or more streets, the driveways shall be located as far from the street intersections as is practical.
 - d. At least a six (6) inch high pedestrian safety curb shall be installed along all street right-of-way lines except at driveway approaches.
 - e. Minimum eight (8) cars per lane back-up shall be required.
120. Such uses should be located on a major thoroughfare, adjacent to nonresidential uses such as commerce, industry, or recreation, or adjacent to sparsely settled residential uses.
121. The area proposed for a cemetery shall be used for cemetery purposes only, and shall meet the following requirements:
- a. Except for office uses incidental to cemetery operations, no business or commercial uses of any kind shall be permitted on the cemetery site.
 - b. Minimum area required for a cemetery site to be ten (10) acres.
 - c. Pavement width of driveways shall be at least twenty (20) feet.
 - d. Sufficient parking space shall be provided as to not deter traffic flow within the cemetery.
 - e. Area drainage and/or sanitary facilities are subject to approval by the County Board of Health, the County Sanitary Engineer and County Engineer prior to the issuance of a conditional use permit.
 - f. Only signs designating entrances, exits, traffic direction and titles shall be permitted and must be approved by the Board.
 - g. Adequate screening with shrubs, trees, or hedge shall be provided parallel to property lines adjacent to or abutting residential dwellings.

- h. Location of cemetery buildings and all other structures shall conform to front, side, and rear yard building lines of the particular district in which it is located.
 - i. No grave sites shall be located within ten (10) feet of the right-of-way lines of any public street nor within ten (10) feet of an existing property line.
- 122. A planned commercial or office complex containing two (2) or more primary use commercial or office structures having common vehicular parking facilities, controlled access to abutting streets, and are developed under a unified site plan shall be permitted provided the following conditions are met:
 - a. There shall be thirty (30) feet between buildings measured from the building foundation or any building overhangs whichever measurement is the lesser.
 - b. The complex shall be considered as one (1) building for the purpose of determining front, side and rear yard setback requirements; the entire development as a unit requiring one (1) front, one (1) rear and two (2) side yards. Where the complex is adjacent to a residential district, the side and/or rear yard setback shall be fifty (50) feet from the abutting residential district.
 - c. Parallel streets shall be required along an existing or proposed major arterial thoroughfare for developments with frontage of more than one thousand (1,000) feet to limit the number of accesses along the arterial thoroughfare and to provide safe ingress and egress for the complex.
 - d. All points of ingress and egress shall be located no closer than one hundred fifty (150) feet to the intersection of two (2) streets.
 - e. A ten (10) foot buffer yard between a commercial and residential district shall be provided in accordance with Section 600.E-5 of these regulations.
- 123. Only retail uses which are customarily accessory or incidental to the main recreational use shall be permitted, and shall include such uses as refreshment stands, souvenir stands, and concession stands.
- 124. A Conditional Zoning Certificate for a use permitted under these regulations may be issued for a period of not more than one (1) year. Prior to the expiration of said permit, applicant shall apply for a renewal of the Conditional Zoning Certificate. If at the expiration date the Zoning Inspector determines that a violation of the certificate does exist, the Board of Appeals will conduct a hearing to view said violation and at that time, upon their decision, may or may not reissue the Conditional Zoning Certificate for a one year period.
- 125. Campsites, cabins, rooms, or other accommodations shall be used on a seasonal basis only. No permanent or year round occupancy shall be permitted.
- 126. Only retail uses which are customarily accessory and incidental to the main

recreational use shall be permitted as part of the park recreational area, or campground. Included as such retail uses are refreshment stands, souvenir stands, concession stands, park office, and the limited sale of groceries when the customers are primarily campers using the park.

127. All facilities and structures shall meet all County and/or State of Ohio health, building, and other applicable codes.
128. All activities, programs, and other events shall be directly related to the conditional use permit so granted, and shall be adequately and properly supervised so as to prevent any hazard and to assure against any disturbance or nuisance to surrounding properties, residents, or to the community in general.
129. The proposed project shall conform to all requirements and/or conditions as the Board may deem necessary to meet the following criteria:
 - a. Vehicular approaches to the property shall be so designed as not to create an interference with traffic on surrounding public streets or roads.
 - b. Paved, off-street parking and service areas shall be required. All parking and service areas shall be paved with gravel, bituminous concrete, asphalt, or equivalent. Paved vehicular access drives of at least ten (10) feet in width shall be required for parking areas of ten (10) vehicles or less capacity, and two-way drives of twenty (20) feet paving width minimum shall be required for parking areas of eleven (11) or more vehicle capacity.
 - c. The property must be served by central sewer facilities approved by the appropriate State and County Health Departments and operated and maintained according to the inspection and miles of said departments.
130. No zoning certificate shall be issued until final site plans have been submitted and approved in accordance with the Stark County Sub-division Regulations, where applicable, and the Board of Appeals. Zoning certificates shall not be issued until approval by the State and County Health Departments has been obtained concerning the proposed sanitary sewerage facilities.
131. The design and construction of all access drives, access points to public streets, and parking and service areas shall be approved by the Township Trustees, or county or state where applicable.
132. All activities, except those required to be performed at fuel pumps, shall be carried on inside a building; if work is performed on a vehicle, said vehicle shall be entirely within a building.
133. All Sanitary/Demolition/Hazardous Infectious Waste/Residual Solid Waste Landfill sites, including Incinerator Burning must consist of one hundred fifty (150) acres and be subject to approval by the County and State Health Departments and subject to their requirements governing landfills. All work connected with such

operations shall be done between the hours of 7:30 a.m. and 5:00 p.m.

134. The scrap or junk yard use shall only be permitted under the following conditions:
- a. All sites, procedures, and processes shall be subject to the approval of the appropriate county and state agencies; no conditional zoning certificate shall be issued until the necessary county and/or state approvals are obtained.
 - b. The site shall be located so as to minimize the potential effect of winds carrying objectionable odors to urbanized or urbanizing areas.
 - c. Suitable control measures shall be taken whenever dust is a problem or potential problem.
 - d. There shall be no burning of refuse, garbage, or other waste materials.
 - e. Scrap yards, junk yards and demolition sites shall be located no closer than two hundred (200) feet to any R-District and/or public street right-of-way line and shall otherwise have front, side, and rear setbacks of at least one hundred fifty (150) feet. At least a fifty (50) foot wide strip in the two hundred (200) foot setback shall be planted for camouflaging purposes according to the following specifications:
 1. The fifty (50) foot wide strip shall be planted with pine, Norway Spruce, or other plants of similar screening.
 2. Said trees shall be planted on a staggered pattern with no more than ten (10) feet between trees.
 3. The fifty (50) foot wide planting strips shall be so located as to achieve the greatest screening or camouflaging effect and no visual opening shall exist.
 4. Trees should be planted that are at the optimum transplanting size and age while still being as large as possible.
 - f. A minimum area of seventy-five (75) acres shall be required for a use proposed under this category.
135. No gas nor oil well, storage tanks, separators, pumps, pit areas, or other apparatus or equipment erected for or maintained for the drilling, production, or storage of gas, oil, waste, natural or artificial brines, oil filled water, sewage, or any liquid used in or resulting from any drilling or production of an oil or gas well shall be placed closer than five hundred feet (500) of any existing public building, private residence, or potable water well supplying water to any person or animal.

136. Upon the completion of the final pumping operations for the well, all brine, sludge, or other materials contained in the pits shall be completely removed from the well site in accordance with regulations of the State of Ohio, Division of Oil and Gas, and in addition, the plastic liner shall be completely removed from the well site location within thirty (30) days.
137. No fill shall be made within the Flood Plain District without a Conditional Use Permit from the Board of Zoning Appeals and finding that:
- a. Such fill will not significantly raise the level of flooding of other properties along the water course in question.
 - b. Such fill does not constrict a normal water course.
 - c. Any fill proposed to be deposited in the flood plain must be shown to have some beneficial purpose and the amount of fill shall not be greater than is necessary to achieve that purpose, as demonstrated by a plan submitted by the owner showing the uses to which the filled land will be put and the final dimensions of the proposed fill or other materials.
 - d. Such fill or other material shall be protected against erosion by rip-rap, vegetative cover, or other suitable materials.
138. A mobile home for residential purposes may be permitted after a public hearing by the Board of Zoning Appeals under a conditional permit and subject to the following conditions:
- a. All mobile homes shall have adequate health facilities available including running water inside and toilet facilities connected to an approved septic system. Approval in writing from the Stark County Board of Health shall be required stating that all health requirements have been made.
 - b. Such mobile homes shall be permitted for the purpose of providing housing for the members of the immediate family (father, mother, children, or grandparents) of those residing in a dwelling already constructed on the lot, and under the following circumstances (as determined by the Board) only.
 1. In case of fire, flood, storm, or any similar act of God which destroyed the present dwelling, a mobile home may be permitted for a period of time determined by the Board.
 - c. All mobile homes must have a minimum of three hundred (300) and a maximum of six hundred (600) square feet of floor space and be limited to a single-family unit.
 - d. A Conditional Use Certificate for a mobile home shall be for a period of not more than one (1) year, but the Board of Zoning Appeals may renew such

certificate upon application and review. The board may issue such Conditional Use Certificate for a period of less than one (1) year

- e. See Article III, Section 300.4x.
139. Canton Township is known to be the location of gas and oil reserves. This section sets forth requirements to ensure that any operation incidental to exploration, production, or storage of gas and oil takes place in a manner not endangering public health, safety and welfare. In the event of conflict between these regulations and State law, adopted pursuant to ORC 1509, the Ohio Administrative Code, and applicable Federal regulations, the most stringent regulations shall apply.
- 1. Prior to drilling, the driller shall, by certified, return receipt mail, notify all landowners any portion of whose land falls within 1000 feet of the location of the actual drill site, and shall request permission from said owners to locate and test all existing water wells, even though the water well is more than 1000 feet from the proposed drill site. Water samples shall be collected in accordance with procedures approved by the Stark County Health Department. Testing shall consist of a chemical analysis and shall be certified by the Stark County Health Department. The results of the test shall be submitted to the Zoning Inspector prior to the commencement of operations on the property.
 - 2. Prior to drilling, the owner and/or operator shall submit to the township a ground water monitoring plan which shall have been prepared by an independent ground water geologist. The plan shall provide for monitoring wells in order to give early notice of ground water contamination. The plan shall provide, at a minimum, for the following:
 - a. The number of monitoring wells, if any;
 - b. The location of the monitoring wells;
 - c. The depth of the monitoring wells;
 - d. A detailed schedule of testing;
 - e. Diagram and specifications showing the construction details;
 - f. Assurances that the monitoring wells shall be constructed and maintained in accordance with the Ohio Administrative Code;
 - g. All costs of preparation of the plan, drilling and maintenance of the wells, testing of the water, and the final plugging shall be paid by the owner and/or operator.
 - h. The plan shall take into account any unusual features such as unusually porous soil, past problems in the area, underground creeks

and springs, and any other factors which should reasonably be taken into consideration.

3. Not less than seven (7) days prior to any drilling operation, the driller shall file with the Zoning Inspector:
 - a. A plat, drawn to scale, showing:
 1. Ingress and egress points
 2. The well location
 3. The location of all known gas wells, storage tanks, and separators within 1,500 feet
 4. Storage tanks
 5. Separators
 6. Power shut-offs
 7. Transmission lines
 8. Oil flow shut-offs
 9. Permanent and temporary pits
 10. Access roads
 11. All dikes and swales for erosion control and spill prevention.
 - b. A list of emergency telephone numbers.
 - c. A copy of the State permit.
 - d. A copy of the State-approved brine and waste disposal plan which shall include:
 1. A description of the method of disposal of brine, frac-water, sludge and any other oil field wastes.
 2. The name, address and telephone number of the person, corporation or firm other than the owner disposing of the waste.
 3. Any special drilling permit conditions approved by the Chief of the ODNR, Division of Oil and Gas.
 4. The location of the disposal site and the proof of liability insurance carried by the person, corporation or firm disposing of the waste.
 5. A copy of the registration certificate required of brine transporters by the State of Ohio, ODNR, Division of Oil and Gas.
 - e. A copy of the Spill Prevention, Control and Counter-Measure Plan (SPCC) as required by Title 40 Code of Federal Regulations, Part 112.
 - f. A statement schedule of the proposed drilling operation.

- g. A statement of liability coverage for all operations related to drilling, production, storage and transmission of all products, by-products and wastes.
4. All permanent production facilities shall be enclosed by a non-transparent enclosure not less than eight feet (8) in height, topped by a double outward strand of barbed wire, with a locked gate. The immediate area surrounding all permanent production facilities shall be kept mowed and cleared of combustible materials for a distance of thirty (30) feet.
5. All shut-off valves shall be painted a conspicuous color for ease of identification in emergencies and locked.
6. All gas and oil lines shall be buried at a minimum depth of thirty inches (30").
7. Prior to drilling, all access roads to well heads and equipment shall be of sufficient width and paved with slag, gravel, crushed stone, or other suitable material to permit all weather access by emergency vehicles. and if gated, shall be locked. The operator shall be responsible for maintaining these access roads.
8. All storage tank manholes, discharge valves, fill valves and shutoff valves shall be included in fenced area and locked.
9. At all times a sign shall be posted on storage tanks in no less than three-inch (3") letters showing:
 - a. Owner
 - b. Well permit
 - c. Permit number
10. All truck loading and parking areas shall be located outside of any **public** road right-of-way.
11. All gas and oil production, including temporary pit and storage equipment, and brine storage shall be diked to prevent contamination of surface or ground water. The dikes shall be liquid tight. The inner lining of the containment system shall be a re-enforced plastic material, non-reactive with residues from drilling, fracturing, or operating the well and shall have a minimum thickness of six (6) mills and shall be anchored above the sidewall. All drilling pits shall be prepared with an approved impermeable soil sealant in a manner approved by the Division (ODNR). The barrier shall be backed by sufficient earthen aggregate material to withstand one and one-half (1-1/2) times the pressure of the liquids within the dike. The containment area shall have a minimum volumetric capacity of two (2) times the storage vessel.
12. In locations where dikes may be damaged by storm runoff, a diversionary

dike or swale shall be constructed to prevent damage to the containment dikes.

13. If during construction of any temporary or permanent pit or containment dike, a subsurface drainage system is encountered, said subsurface drainage system shall be rerouted from the pit or containment dike.
 14. If a well is located where the slope is greater than two-to-one, or in a flood plain, tanks only shall be used; no open storage pits. All tanks shall be adequately and permanently anchored to resist slippage or flotation. All tanks shall be liquid tight.
 15. No person shall conduct any well drilling, production or transmission operation that contaminates or pollutes the land surface or any surface or subsurface water. No salt water (brine), sludge, frac-water or any other oil field wastes shall be deposited or discharged in the township for any purpose.
 16. The owner and/or operator of all transmission lines shall provide the Zoning Inspector and Fire Chief with a plat drawn to scale of all transmission lines within one thousand feet (1,000) of the well. All transmission lines, buried or above ground, shall be marked with permanent markers. All lines crossing public highways shall be marked with permanent markers at each side of the right-of-ways.
 17. The Zoning Inspector shall be notified twenty-four (24) hours prior to the covering of any drilling pit or transmission lines and may also inspect oil and gas wells and storage facilities at any time to ensure compliance with local regulations. The Township Fire Chief may also inspect gas and oil wells, storage facilities and transmission lines at any time to ensure compliance with safety regulations.
 18. All equipment on site shall be painted green (non-fluorescent) on a regular basis to prevent corrosion including removal or cover of graffiti.
 19. The name and telephone number of the waste hauler, the method and location of disposal and a statement of liability from the hauler shall be provided to the Zoning Inspector.
 20. Anything contained in the foregoing notwithstanding, no oil and/or gas wells shall be drilled anywhere in the flood plain of Canton Township as designated within the 100-year flood zone on the Federal Flood Insurance Rate map, a copy of which shall be maintained on file with the Canton Township Zoning Inspector, and shall be incorporated by reference as if fully rewritten herein.
140. The following requirements shall be met:

- a. The parking lot shall be accessory to and for the use in connection with one (1) or more permitted or conditionally permitted uses in an adjoining business or industrial district.
 - b. Such parking lot shall abut at least fifty (50) feet, either directly or across an alley or street in the district in which use for which the parking is provided, permitted or conditionally permitted.
 - c. Such parking lot shall be used solely for the parking of passenger vehicles, and no commercial repair work or service of any kind shall be conducted on such parking lot.
 - d. No sign of any kind, other than those designating entrances, exits, and conditions of use shall be maintained on such parking lot.
 - e. The Board may modify the foregoing requirements in specific cases where desirable or warranted, owing to unusual topography, physical conditions, and use and character of adjacent properties. The Board may also impose such additional requirements as it may deem necessary in view of the aforesaid consideration.
141. Outside play area shall be enclosed with a six (6) foot fence.
142. Sufficient parking and "drop off and pick up" areas shall be provided off the public roadway.
143. The collection and/or storage of automobiles, trucks, major household appliances, and any self-propelled type vehicles, or parts thereof, shall be prohibited.
144. The architectural design and site layout of a group home licensed under ORC Section 5123.19 and the height of any walls, screens, or fences connected with any said group home shall be compatible with adjoining land uses and the residential character of the neighborhood.
145. All materials collected must be removed within 3 days of delivery to Transfer Station whereby no accumulation will exist. No hazardous materials shall be stored or placed in a Transfer Facility.
146. No such family or group home shall be located within a thousand (1,000) feet radius of another residential facility for the developmentally disabled licensed under ORC Section 5123.19.
147. Such in-store bakery distribution center shall be subject to the following conditions:
- a. Bakery distribution facilities shall be permitted only on premises where retail bakery sales exist.

- b. Distribution of items produced in the bakery shall be limited up to not more than ten (10) off-premises locations owned by, the owner of the establishment in which the bakery is located. The distribution locations shall be designated in writing.
 - c. Tractor trailer trucks shall not be permitted to be used as a conveyance of distribution from the center to the off-premises locations.
 - d. Additions to the bakery distribution center shall be made only upon approval of the Board of Zoning Appeals.
148. The following requirements shall be met:
- a. Vehicles and equipment shall be stored within completely enclosed buildings.
 - b. The number of vehicles stored on the property shall be limited to six (6). Repair of vehicles or equipment shall not be performed on the premises.
 - c. Dismantled or inoperable vehicles or equipment shall not be maintained or stored on the property.
 - d. Excessive noise from workers or vehicles shall not be permitted.
149. Demolition Materials Site is any site, location, tract of land, area, building, structure or premises used for stabilization, conversion, transfer, or burial of construction of demolition materials. The term does not include any construction site where construction debris and trees and brush removed in clearing the construction site are used as fill material on the site where the materials are generated or removed.
150. Minimum area to place Septage or Sludge is 40 acres. No Septage or Sludge shall be placed within 50 feet of a property line, or 500 feet of any residence. These products can only be placed in rural areas away from any development.
151. No home shall use more than three bedrooms on any given night for tourists. A tourist may stay in the home for no more than seven nights per year.
152. Sexually Oriented Adult Cabaret shall not be operated within One Thousand (1000) feet of a church, public or private elementary school, secondary school or boundary of a Residential District or the property line of a lot devoted to residential use.
153. Child day care centers would be permitted for churches in R-R, R-1, R-2, districts as conditional use only and must be approved by the Board of Zoning Appeals, subject to sub-sections 102, 103, 104, 109, 114, 127, 128, 141 and 142.
154. No Type of repairing, painting, or parted-out vehicles shall be permitted outside or inside of building at any time. (Adopted 2-15-05)
155. All uses of property for sales/rental are required to meet Canton Township Fire Department and State Regulations regarding fire Lanes, etc. (Adopted 2-15-05)

156. Customer parking must be provided on said property and not adjacent properties. (Adopted 2-15-05)
157. Small wind energy systems shall meet the following requirements:
- a. Primary purpose shall be to provide power for the principal and accessory uses of the property and not for the generation of power for commercial purposes.
 - b. Minimum lot size of two (2.0) acres.
 - c. One small wind energy system tower per lot or parcel.
 - d. Small wind energy system shall be located only in the rear yard area.
 - e. Maximum height shall be 100 feet, measured from the natural grade surrounding the support pad to the tip of the blade in a vertical position measured along the vertical axis of the tower.
 - f. Minimum setback from all property lines, structures, and above ground utility lines shall be no less than 110 percent of the tower height.
 - g. Anchor points for guy wires for the tower shall be located no closer than 25 feet to the property lines and not on or across any above ground electric transmission or distribution lines.
 - h. Minimum height from the base of the tower to the lowest part of the blade tip or rotor system shall be 12 feet.
 - i. Blade color shall be white or light gray.
 - j. Lighting of the tower for aircraft and helicopter shall conform to Federal Aviation Administration standards for wattage and color, when applicable.
 - k. The tower shall have either:
 1. Tower climbing apparatus located no closer than 12 feet to the ground level at the base of the structure;
 2. A locked anti-climb device installed on the tower; or
 3. Shall be completely enclosed with a locked fence at least six feet in height to prevent uncontrolled access from unauthorized personnel.
 - l. A sign shall be posted at the base of the tower warning of electrical shock or high voltage.
 - m. An automatic braking, governing or feathering system shall be required to prevent uncontrolled rotation.
 - n. All small wind energy systems must separately comply with Stark County Building Department regulations (building, mechanical, electrical, etc.).

- o. All small wind energy systems shall be installed, operated and maintained per the manufacturer's instructions, including compliance with Ohio EPA regulations regarding storage and disposition of batteries and other hazardous materials.
- p. No variance shall be issued for the placement of a small wind energy system so close to a property line that it may result in any portion of the system to overhang, cross, or otherwise extend beyond the property line at any time, whether erect or in the event the system should fall or be toppled.
- q. Decommissioning and Restoration. Any small wind energy system which has reached the end of its useful life or has been abandoned shall be removed. A small wind energy system shall be considered abandoned when it fails to operate for one year. The applicant shall include the following information regarding decommissioning of the project and restoring the site when submitting the application for a conditional zoning certificate:
 - 1. The anticipated life of the project;
 - 2. The estimated decommissioning costs in current dollars;
 - 3. The method and schedule for updating the costs of decommissioning and restoration;
 - 4. The method of ensuring funds will be available for decommissioning and restoration; and
 - 5. The anticipated manner in which the project will be decommissioned and the site restored.
- r. Site Plan requirements shall include, but not be limited to:
 - 1. Property lines and physical dimensions of the site.
 - 2. Location of small wind energy system tower, guy wires, setbacks from property lines, above- and under- ground utility lines, easements and any structures on the property. Also show location of sewage treatment system.
 - 3. Location of signage.
 - 4. Elevation of the proposed small wind energy system tower.
 - 5. Location of trees within a 100-ft. radius of the proposed small wind energy system.
 - 6. Manufacturer's specifications, including make, model, and picture.
 - 7. Scaled drawing no smaller than 1" = 50'." (Added 4-22-10)

158. Ex Offender Reentry Housing shall not be located within one thousand (1,000) feet of a church, public or private elementary school, secondary school or boundary of a Residential District or the property line of a lot devoted to residential use. (Added 4-22-10)

159. Shall have all Ohio registrations or licensure in place prior to opening for business. For purposes of this subsection any Skill Based Amusement Machine operator or business shall be registered or licensed by the Ohio Casino Control Commission, as required by that state authority.

ARTICLE IX

BOARD OF ZONING APPEALS

SECTION 900 **A BOARD OF ZONING APPEALS IS HEREBY CREATED AND SHALL HAVE ALL THE POWERS AND DUTIES PRESCRIBED BY LAW AND BY THIS RESOLUTION**

SECTION 900.1 **COMPOSITION AND APPOINTMENT**

The Board shall consist of five (5) members appointed by the Township Trustees. The members shall be residents of the unincorporated area of Canton Township. Each member shall serve until his successor is appointed and qualified. Members shall be removable for nonperformance of duty, misconduct in office, or other cause by the Trustees, upon written charges being filed with the Trustees, after public hearing has been held regarding such charges, and after a copy of the charges has been served upon the member so charged at least ten (10) days prior to the hearing, either personally, by registered mail, or by leaving such copy at his usual place of residence. The member shall be given an opportunity to be heard and answer such charges. Vacancies shall be filled by appointment of the Board of Township Trustees and shall be for the unexpired term.

SECTION 900.2 **ORGANIZATION**

The Board shall elect a chairman from its membership; shall appoint a Recording Secretary and shall prescribe rules for the conduct of its affairs.

SECTION 900.3 **QUORUM**

Three (3) members of the Board shall constitute a quorum at all meetings. A majority vote shall be necessary to effect an order, take action, make decisions, or act on any authorization.

SECTION 900.4 **MEETINGS**

The Board shall meet at its regularly scheduled meetings and at the call of its chairman. All meetings of the Board shall be open to the public. (Subject to a five (5) day notice.)

SECTION 900.5 **WITNESSES**

The Board Chairman or Acting Chairman shall administer oaths, and the Board may compel the attendance of witnesses in all matters coming within the purview of the Board.

SECTION 900.6 **PROCEEDINGS**

The Board shall keep minutes of its proceedings showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Township Trustees and shall be a public record.

SECTION 900.7 POWERS AND DUTIES

The Board of Zoning Appeals shall have the following powers:

- A. The Board shall have the power to hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Zoning Inspector in the enforcement of this Resolution.
- B. The Board shall have the power to authorize, upon appeal, in specific cases, such variance from the terms of the Zoning Resolution as will not be contrary to the public interest, where owing to special conditions, a literal enforcement of this Resolution will result in unnecessary hardship, and so that the spirit of this Resolution shall be observed and substantial justice done. In granting a variance, the Board may impose such conditions as it may deem necessary to protect the public health, safety, and morals and in furtherance of the purposes and intent of this Resolution.
- C. The Board shall have the power to grant Conditional Zoning Certificates for the use of land, buildings, or other structures as specifically provided for elsewhere in this Resolution and review such plans and nonconforming uses as specifically provided in this Resolution.
- D. The Board shall have the power to revoke an authorized variance or Conditional Zoning Certificate, if any condition of the variance or certificate is violated. The Board shall notify the holder of the variance or certificate by certified mail of its intent to revoke the variance or certificate and of his right to a hearing before the Board within thirty (30) days of the mailing of the notice, if he so requests. If the holder requests a hearing, the Board shall set a time and place for the hearing and notify the holder. At the hearing, the holder may appear in person, by his attorney or other representative, or he may present his position in writing. He may present evidence and examine witnesses appearing for or against him. If no hearing is requested, the Board may revoke the variance or certificate without a hearing. The authority to revoke a variance or certificate is in addition to any other means of zoning enforcement provided by law.

SECTION 900.8 APPEALS TO THE BOARD

Appeals to the Board may be taken by any person aggrieved or by any office of the township affected by any decision of the administrative office. Such appeal shall be taken within twenty (20) days after the decision by filing with the office from whom the appeal is taken and with the Board of Zoning Appeals, a notice of appeal specifying the grounds. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

SECTION 900.9 APPLICATIONS

An application, in cases in which the Board has original jurisdiction under the provisions of this Resolution, may be taken by any property owner, including a tenant, or by governmental officer, department, board, or bureau. Such application shall be filed with the Secretary of the Board who shall transmit the same to the Board.

SECTION 900.10 PROCEDURE

The Board of Zoning Appeals shall act in accordance with the procedure specified by law including this Resolution. All appeals and applications made to the Board shall be in writing and on the forms prescribed therefor. Every appeal or application shall refer to specified provision of the Resolution involved, and shall exactly set forth the interpretation that is claimed, the details of the variance that is applied for and the grounds on which it is claimed that the variance should be granted, as the case may be. Every decision of the Board shall be by resolution, each of which shall contain a full record of the findings of the Board by case number under one or another of the following headings.

Interpretation; Variances; Conditional Zoning Certificate; Revocation of Variance or of Conditional Zoning Certificates; together with all documents pertaining thereto.

SECTION 900.11 NOTICE OF HEARINGS

When a notice of appeal has been filed in proper form with the Board of Zoning Appeals, the Secretary shall immediately place the said request for appeal upon the calendar for hearing, and shall cause notices stating the time, place, and purpose of the hearing to be served personally or by mail addressed to the parties at least ten (10) days prior to the date of the scheduled hearing. All notices shall be sent to addresses given in the last tax assessment roll.

Such hearings shall be advertised by one (1) publication in one (1) or more newspapers of general circulation in the Township at least ten (10) days before the date of such hearing. The Board, at its discretion, may send out further notices to publicize such hearings. The Board may recess such hearings from time to time, and if the time and place of the continued hearing be publicly announced at the time of adjournment, no further notice shall be required.

SECTION 900.12 DECISIONS

A copy of the Board's decision shall be transmitted to the applicant or appellant and the Zoning Inspector. Such decision shall be binding upon the Zoning Inspector and observed by him, and he shall incorporate the terms and conditions of the same in the Zoning Certificate or Conditional Zoning Certificate to the applicant or appellant whenever a permit is authorized by the Board. A decision of the Board shall become final when such decision is made.

ARTICLE X

ADMINISTRATION FEES AND ENFORCEMENT

SECTION 1000 ADMINISTRATION

SECTION 1000.1 ZONING DIRECTOR

For the purpose of enforcing the zoning regulations, the Township Trustees shall establish and fill the position of Township Zoning Director, together with such assistants as the Trustees deem necessary. The term of employment, rate of compensation, and other such conditions shall be set by the Township Trustees.

SECTION 1000.2 BOARD OF ZONING APPEALS

The Board of Zoning Appeals shall have the power to administer Article VIII, Conditional Zoning Certificates of this Resolution, and shall have the powers as specified in Article IX of this Resolution.

SECTION 1000.3 SUBMISSION OF APPLICATIONS

All applications for zoning certificates shall be submitted to the Zoning Director, who may issue zoning certificates when all applicable provisions of this Resolution have been complied with.

SECTION 1000.4 ZONING CERTIFICATES REQUIRED

- A. Before construction or altering any sign, structure, or building, including accessory buildings, application shall be made to the Zoning Director for a zoning certificate. The applications shall include the following information:
1. A plot plan drawn to scale showing the exact dimensions and area of the lot to be built upon.
 2. The location, dimensions, height, and bulk of structures to be erected (construction plans).
 3. The intended use.
 4. The proposed number of sleeping rooms, dwelling units, occupants, employees, and other uses.
 5. The yard, open area, and parking space dimensions.
 6. Conformance with Section 300.4e and 300.4f.
 7. Any other pertinent data as may be necessary to determine and provide for the enforcement of this Resolution.

8. No permit shall be issued by the Canton Township Zoning Director until the fees herein prescribed have been paid.
 9. Obtain Septic Tank Permit from the Stark County Board of Health, or Sanitary Sewer Permit from the County Sanitary Engineer's Office BEFORE making application for a Zoning Permit.
- B. Within thirty (30) days after the receipt of application, the Zoning Director shall issue a zoning certificate if the application complies with the requirements of this Resolution and the application is accompanied by the proper fee as indicated in Section 1000.5. However, where approval of the Stark County Regional Planning Commission shall be required in compliance with the Subdivision Regulations, no permit shall be issued until such approval is obtained.
 - C. The zoning certificate shall become void at the expiration of one (1) year after date of issuance unless construction is started. If no construction is started or use is changed within one (1) year of date of permit, a new permit is required upon proper application. All construction shall be completed within two (2) years of date of issuance of the zoning permit.
 - D. One (1) set of construction plans and one (1) plat plan for new structures and alterations and additions for single (1) and two (2) family residence.
 - E. Two (2) sets of construction plans and one (1) plat plan for new structures and alterations and additions for commercial and industrial structures, which plans shall be reviewed by the Township Fire Department for conformance with the State Fire Laws.

SECTION 1000.5 ZONING AMENDMENTS

A. INITIATING A ZONING CHANGE.

Amendments or supplements to the zoning resolution may be initiated as provided for in Section 519.12 of the Ohio Revised Code, by motion of the Township Zoning Commission, by the passage of a resolution therefore by the Board of Township Trustees, or by the filing of an application therefore, by one or more of the owners or lessees of property within the area proposed to be changed or affected by the proposed amendment, or supplement, with the Township Zoning Commission. The Board of Township Trustees shall, upon the passage of such resolution, certify it to the Township Zoning Commission.

B. PUBLIC HEARING

Upon the adoption, certification or filing of such a proposal, the Township Zoning Commission shall set a date for a public hearing thereon, which date shall not be less than twenty (20) "Nor" more than forty (40) days from the date of such action. Notice of such hearing shall be given by the Township Zoning Commission by one (1) publication in one (1) or more newspapers of general circulation in the township at least ten (10) days before the date of such hearing.

C. NOTIFICATION

Upon request for rezoning of land, written notice of the hearing must be mailed by the Zoning Commission by first-class mail at least 10 DAYS before the date of the public hearing to all owners of property within and contiguous to and directly across the street from such area proposed to be rezoned. The applicant is required to furnish these names and addresses to the Township Zoning Commission in the exercise of sound practice, but the responsibility for sending the notices to these named persons rests with the Zoning Commission.

The notice as appears in the newspaper and as sent to the property owners of the proposed amendment or supplement shall include a statement that after the conclusion of such hearing, the matter will be referred to the Board of Trustees.

Within five (5) days after the filing of the application for a rezoning, a copy of the application, together with any changes in text and map, must be sent to the Stark County Regional Planning Commission, Stark County Office Building, Canton, Ohio, 44702. The Recommendation of the Stark County Regional Planning Commission must be considered at the public hearing held by the Township Zoning Commission.

A Decision recommending an approval or denial of the proposed amendments, supplement, rezoning request or an approval of some modification thereof, must be submitted to the Board of Township Trustees WITHIN 30 DAYS of the public hearing before the Zoning Commission. In addition, the Zoning Commission must submit to the Board of Trustees the Recommendations of the Stark County Regional Planning Commission, the Application or resolution originally introduced for the rezoning and other documents pertaining to the rezoning request or amendment to the zoning resolution.

FEES

Fees for zoning certificates, application to the Board of Zoning Appeals, Zoning Amendments, Conditional Use Permits, and other zoning fees shall be established by the Resolution of the Canton Township Board of Trustees annually. (Adopted 2-15-05).

FAILURE TO OBTAIN PERMIT BEFORE CONSTRUCTION OR USE HAS COMMENCED:

The zoning certificate required herein shall be obtained by the property owner, business owner, or agent **BEFORE** any location, erection, construction, reconstruction, enlargement, or structural alteration is commenced.

Where construction or use is commenced prior to obtaining a zoning certificate, the Zoning Director is authorized to make a special preliminary inspection of the premises prior to issuing a zoning certificate, in order to insure that the construction or use already commenced fully complies with the requirements of this resolution. Where such special preliminary inspection is necessary, an additional fee of fifty (\$50.00) dollars shall be charged for such zoning certificate and special inspection.

Failure to obtain a zoning certificate shall be a punishable violation of this Resolution.

SECTION 1000.6 REVOCATION OF PERMITS

- A. The Canton Township Zoning Director may revoke any permit or approval issued under the provisions of this Zoning Resolution and may stop work for any of the following reasons:
1. Whenever there is a violation of any of the provisions of this Zoning Resolution; or any statute of the State of Ohio relating to the same subject matter or any violation of the regulations of Stark County to which this Zoning Resolution refers jurisdictional authority.
 2. Whenever the continuance of any work becomes dangerous to life or property.
 3. Whenever there is a violation of any condition upon which the issuance of the permit or approval was based.
 4. Whenever any false statements or misrepresentations have been made in the application plans on which the issuance of the permit or approval was based.
- B. The Notice of the Revocation of the permit shall, in every case, be in writing and shall be served upon the owner, his agent, or the person having charge of the work by certified mail. A revocation notice shall also be posted upon the building or use in question by the Township Zoning Inspector when possible. After the notice is received and posted it shall be unlawful for any person to proceed with the construction or use for which such permit was issued. No part of the fees for such permit shall be returned. The revocation shall be lifted upon compliance with these Zoning Regulations.

SECTION 1000.7 REFUND OF PERMIT FEES

When a permit shall have expired by limitation or the project for which a permit was issued has been abandoned, such permit shall be returned to the Township Zoning Director for cancellation and he shall be authorized to issue a refund to the applicant in an amount equal to one-half of the total permit fee paid. No refund shall be allowed where the total permit fee paid is less than twenty-five (\$25.00) dollars.

SECTION 1001 VIOLATIONS AND PENALTIES

SECTION 1001.1 VIOLATIONS

In case any building is or is proposed to be located, erected, constructed, reconstructed, enlarged, changed, maintained, or used, or any land is or is proposed to be used in violation of any provisions of this Resolution or supplements or amendments thereto, the Board of Township Trustees, the Prosecuting Attorney of the County, the Township Zoning Director, or any adjacent or neighboring property owner who would be especially damaged by such violation, in addition to other remedies provided by law, may institute injunction, mandamus, abatement, or any other appropriate action or proceeding to prevent, enjoin, abate, or remove such unlawful location, erection, construction, reconstruction, enlargement, change, maintenance, or use.

SECTION 1001.2 PENALTIES

Any persons violating any provisions of this Resolution or supplements or amendments thereto shall be fined not more than five hundred (\$500.00) dollars. Each day of continuation of a violation of this Resolution shall be deemed a separate offense. This shall be in addition to all other remedies which are provided by law.

ARTICLE XI

VALIDITY AND SEPARABILITY

If any section, subsection, or any provision or provisions of this Resolution, or amendments thereto, are held to be invalid by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution or amendments thereto.

ARTICLE XII

REPEALER

All existing Zoning Resolutions of Canton Township, Stark County, Ohio inconsistent herewith, are hereby repealed.

ARTICLE XIII
EFFECTIVE DATE

This amended Resolution shall take effect and be in full force and effect from and after the earliest period allowed by law.

SHORT-TERM RENTALS AS A CONDITIONALLY PERMITTED USE
(Amended on January 17, 2024)

SECTION 1500 SHORT-TERM RENTALS

It is the purpose of this regulation to protect and promote the health, safety, and general welfare of all the citizens of Canton Township by requiring the registration and certification of short-term rentals within the Township. It is also the intent of Article XV to protect the integrity of residential neighborhoods while allowing property owners to receive remuneration from rental of a dwelling to help maintain the dwelling.

No person shall cause, allow, or maintain the use of a short-term rental without first having obtained a conditional zoning certificate from the Board of Zoning Appeals. Application for a conditional zoning certificate shall be submitted to the zoning inspector and forwarded to the Board of Zoning Appeals in accordance with Article VIII, Conditional Zoning Certificates.

SECTION 1500.1 DEFINITIONS

Unless otherwise specified herein, the terms used in this ordinance shall be defined as follows:

“DWELLING UNIT”: One (1) or more rooms providing complete living facilities for one (1) group, including equipment for cooking or provisions for the same and including room or rooms for living, sleeping, and eating.

“HOSTING PLATFORM”: Means a person or entity that provides a means through which short-term rentals are offered, listed, advertised, solicited, or otherwise held out for rent.

“LOCAL CONTACT PERSON”: A local property manager, owner, or agent of the owner, who is available to respond to tenant and neighborhood questions or concerns, or any agent of the owner authorized by the owner to take remedial action and respond to any violation of this regulation.

“MANAGING AGENCY OR AGENT”: A person, firm, or agency representing the owner of the property (or portion thereof) used for a short-term rental, or a person, firm or agency owning the property (or portion thereof) used for a short-term rental.

“OCCUPANT”: Any person over the age of five (5) who is an overnight guest in the short-term rental.

“OPERATOR”: The person who is proprietor of a property (or portion thereof) used for a short-term rental whether in the capacity of owner, lessee, mortgagee in possession, licensee, or any other capacity. Where the operator performs his functions through a managing agent of any type or character, other than an employee, or where the operator performs his functions through a rental agent, the managing agent or the rental agent has the same duties as his principal. Compliance with the provisions of this regulation by either the principal or the managing agent or the rental agent is considered to be compliance by both.

“OWNER”: The person or entity that holds legal or equitable title to the property (or portion thereof) used as a short-term rental.

“PARKING SPACE”: An area outside the public right-of-way for the temporary parking of a vehicle for a period longer than required to load or unload persons or goods. Parking spaces for uses other than single-family shall be arranged to allow ingress and egress of a motor vehicle without the need to move any other vehicle.”

“PERSON”: An individual, a group of individuals, or an association, firm, partnership, limited liability company, corporation, or other private entity, public or private.

“PROPERTY CARETAKER”: An individual, other than the short-term rental permit holder, who is responsible for the oversight and care of the short-term rental.”

“SHORT-TERM RENTAL (STR)”: The commercial use of renting a dwelling unit for a period of time less than thirty (30) consecutive calendar days. Short-term rental does not include a hotel, motel, or bed and breakfast which are permitted and operated in accordance with the Canton Township Zoning Resolution. A short-term rental also does not include a dwelling unit that is available for rent for less than fourteen (14) days in a calendar year.

“SHORT-TERM RENTER”: An occupant or renter of a short-term rental pursuant to a rental agreement.

SECTION 1500.2 SHORT-TERM RENTAL STANDARDS

All short-term rentals must meet the following requirements:

1. Zoning District – Short Term Rentals may only be located in certain zoning districts
 - a. Short-Term Rentals shall be located in R4, R5, R6, R7, B1, B2 and B3 Districts, and only as a Conditionally Permitted Use with approval of the Canton Township Board of Zoning Appeals.
2. Permit Required – A permit is required prior to the rental of any residential dwelling to be rented for a period of thirty (30) days or less.
 - a. A permit issued by the Township shall be valid until December 31st of the year that it was issued, or until the dwelling is sold.

- b. A permit will be issued by Canton Township Zoning within 30 days of receipt of the Canton Township Board of Zoning Appeals approval, and a completed application.
 - c. The permit shall indicate the maximum number of guests that can be accommodated at the rental in accordance with the standards listed in Item 8(a)(i)(ii), (Capacity Limit).
 - d. A permit and permit holder shall be subject to all the standards and penalties of the zoning resolution.
3. Application – an application provided by the Township for a short-term rental permit shall include the following at a minimum:
- a. Address of property.
 - b. Property owner name(s).
 - c. Signature of property owner(s) and property caretaker(s).
 - d. Contact information including: name, address and 24-hour contact phone number for the owner of the property and property caretaker.
 - i. This information must be kept up to date in the Township’s records.
 - ii. It is the permit holder’s responsibility to inform the Township of any change in property caretaker or contact information for the permit holder or property caretaker.
 - e. Number of bedrooms in the dwelling.
 - f. Sleeping capacity.
 - g. Number of off-street parking spaces.
4. Site plan – an up-to-date physical survey of the STR property including location of the dwelling, location and number of smoke and carbon monoxide detectors, driveway, or other point of access to the property, designated parking and points of entry into the dwelling.
- a. Provide a parking plan illustrating and notating compliance with the minimum number of required off-street parking areas. The STR is required to have one 9-foot by 18-foot off-street parking area per bedroom (bedroom count is determined by the Stark County Assessor’s records)
5. Limit on Permits Per Parcel
- a. Only one (1) dwelling unit per parcel shall be leased, subleased, rented or sub-rented at any given time. All lodging is to be exclusively within the dwelling unit.
6. Local Contact Person and/or Property Caretaker:
- a. Each owner of a short-term rental must designate a local contact person and/or property caretaker who has access and authority to assume management of the unit and take remedial measures.
 - b. The local contact person or property caretaker must be available twenty-four (24) hours a day during the rental period and be within forty-five (45) minutes travel time of the property used for a short-term rental.
 - c. An owner may designate themselves as the local contact person or property caretaker.

- d. The owner or contact person shall be available by telephone at all times and on a 24-hour basis to respond to calls regarding the short-term rental.
 - i. Failure to respond to calls in a timely and appropriate manner may result in revocation of the permit issued to allow the use of a short-term rental.
 - ii. Responding in a timely and appropriate manner means that an initial call shall be responded to within 45 minutes of the time the initial call was made, and a corrective action shall commence within two hours of the initial call, if corrective action is required to address any violation of this Section.
 - iii. The owner or the contact person is required to immediately notify the Canton Township Zoning Department with any changes to their or the local contact's information.
- 7. Capacity Limit: The occupancy of the short-term rental property does not exceed Ten (10) occupants. (This regulation is consistent with the Township's goal that the commercial aspect of the short-term rental of single-family homes be limited and restricted), except as otherwise approved during the conditional use permit process.
- 8. Parking
 - a. All parking associated with a short-term rental shall be out of the roadway and entirely on-site, in the garage, driveway or other improved parking area.
 - b. Parking for short-term renters in a short-term rental shall only be on improved parking areas.
 - i. Acceptable parking area surfaces include, concrete, asphalt, abutting concrete parking pavers, or gravel.
- 9. Special Events
 - a. Special events hosted at the short-term rental property, such as outdoor events, lawn parties, weddings, bachelor or bachelorette parties, or similar gathering that exceeds the maximum number of short-term renters allowed under the short-term rental permit, are not permitted at a short-term rental property.
- 10. Trash
 - a. Provisions for recycling and trash disposal must be provided. Trash must be contained in properly sealed receptacles. There must be no overflow that will be attractive to vermin. If necessary, arrangements for additional trash pickups shall be made.
- 11. Health and Safety
 - a. The owner shall maintain a properly functioning septic system or sewer connection per the Stark County Health Department standards and Sanitary Engineering Department requirements as well as required inspection by the Canton Township Fire Department as part of the permitting process.
- 12. Noise

- a. Noise must be limited to that which does not disturb the quiet, comfort or repose of a reasonable person of normal sensitivities. Quiet hours shall be from 11:00 PM to 8:00 AM. Quiet hours relates to any noise that would prevent sleep within neighboring properties.
13. Display of Standards
 - a. The owner shall provide these standards as part of all rental agreements in prominent bold-faced language with a font no smaller than 20 points.

SECTION 1500.3 OWNER RESPONSIBILITIES

1. The owner must ensure the required standards are met.
2. The owner must use best efforts to assure that the occupants or guests of the short-term rental do not create unreasonable noise or disturbances, engage in disorderly conduct, or violate provisions of this regulation or any other local or state law pertaining to noise or disorderly conduct by notifying the occupants of the rules regarding short term rentals and taking appropriate action to abate the violative conduct when notified that occupants are violating laws regarding their occupancy.
3. The owner or local contact person must, upon notification that occupants or guests of his or her short-term rental have created unreasonable noise or disturbances, engaged in disorderly conduct, or violated provisions of this resolution, or state law pertaining to noise or disorderly conduct, promptly use best efforts to prevent a recurrence of such conduct by those occupants or guests.

SECTION 1500.4 REQUIREMENTS

All short-term rentals shall meet the following requirements:

1. Permit Required: a permit is required prior to the rental of any residential dwelling to be rented for a period of thirty (30) days or less.
 - a. A permit issued by the Township shall be valid until December 31st of the year that it was issued, or until the dwelling is sold whichever is first.
 - b. A permit and permit holder shall be subject to all the standards and penalties of the zoning resolution.
2. A fully completed and signed short-term rental permit application form provided by the Township including all the required supplemental documents.
3. A local contact and/or a property caretaker per the requirements of this Resolution.
4. Site plan – a site plan of the property including location of the dwelling, location and number of smoke and carbon monoxide detectors, driveway, or other point of access to the property, designated parking, and points of entry into the dwelling.

5. Maximum number of occupants to be accommodated while in use as a short-term rental, which shall be no greater than ten (10) persons, except as otherwise approved during the conditional use permit process.

6. A short-term rental permit shall be issued by calendar year. All Permits shall expire at the end of the calendar year and must be renewed at the beginning of the following year.

7. Permit Number

- a. The short-term rental permit number issued by the Township shall be included in any advertisement for the short-term rental.

SECTION 1500.5 VIOLATIONS

Any of the following will be considered a violation of the Township Zoning Resolution pertaining to short-term rentals:

1. Violations

- a. Any advertising or leasing of a short-term rental without first having obtained a short-term rental permit.
- b. Failure to update information with the Township such as the property caretaker's or owner's contact information in a timely manner.
- c. Advertising a short-term rental for a capacity in excess of that allowed under the permit issued by the Township.
- d. Failure of the permit holder or his/her designated caretaker to be available at any time during the tenure of an active short-term rental.
- e. Providing false or misleading information on the application for a short-term rental permit.
- f. Failure to comply with any of the standards listed under the Section titled Short-Term Rentals.

2. Administrative Penalties:

- a. For a first violation within any calendar year, the penalty is a warning notice of violation which may be verbal and/or written.
- b. A second violation within the same calendar year shall be subject to a fine of not less than five hundred (\$500) dollars nor more than one thousand (\$1,000) dollars. All owners, regardless of their interest in the property, may be responsible for such fine. Each day the violation remains may be a separate offense.
- c. The third violation within any consecutive twelve-month period shall be subject to a fine of not less than twice the amount of any previous fine but not more than two thousand (\$2,000) dollars, and the permit shall be referred to the Board of Zoning Appeals with a recommendation of

revocation. An owner may reapply for a permit no sooner than twelve (12) months after revocation of a permit if all violations have been resolved.

- d. If there are a total of three violations within any three (3) consecutive year period, the permit shall be immediately referred to the Board of Zoning Appeals with a recommendation of revocation.

3. Enforcement

- a. The Canton Township Zoning department shall conduct a yearly review of all short-term rentals. The Canton Township Board of Trustees and/or the Canton Township Zoning Director, shall have the authority to take action to refer any short-term rental to the Board of Zoning Appeals to terminate, revoke and/or cancel registrations and permits.

ACCESSORY SOLAR ENERGY SYSTEMS (Approved on January 17, 2024)

SECTION 1600 ACCESSORY SOLAR ENERGY SYSTEMS

It is the purpose of this regulation to promote the safe, effective, and efficient use of accessory solar energy systems installed to reduce the on-site consumption of utility-supplied electricity. An accessory solar energy system shall be considered a permitted accessory use in any district provided all requirements and regulations as set forth below are met.

No person shall cause, allow, or maintain the use of an accessory solar energy system without first having obtained a zoning permit from the Canton Township Zoning Department.

A. Permitted Uses

1. Integrated Solar Energy Systems: Subject to the restrictions contained herein, any construction, erection, or siting of an Integrated Solar Energy System shall be a permitted use in all zoning districts.
2. Rooftop Solar Energy Systems: Subject to the restrictions contained herein, any construction, erection, or siting of a Rooftop Solar Energy System shall be a permitted use in all zoning districts.
3. Ground Mounted/Wall Mounted Solar Energy Systems: Subject to the restrictions contained herein, as well as any other relevant conditions as the Board of Zoning Appeals may determine, any construction, erection, or siting of a Ground Mounted/Wall Mounted Solar Energy System shall be a conditionally permitted use in the following zoning districts: R-R Rural Residential District, I-1 Industrial District, I-2 Industrial District.

B. All accessory solar energy systems shall meet the following requirements:

1. A roof mounted solar energy system is permitted in all zoning districts as an accessory to a principal use.
2. A solar energy system shall not be used for the generation of power for the sale of energy to other users, although this provision shall not be interpreted to prohibit the sale of excess power generated from time to time to the local utility company.
3. A solar energy system connected to the utility grid shall provide written authorization from the local utility company acknowledging and approving such connection.
4. A roof/structure mounted solar energy system:
 - a. Shall be flush-mounted, or as long as it matches the slope of the roof, shall have a maximum tilt of no more than five (5) percent steeper than the roof pitch on which it is mounted.
 - b. Shall not extend beyond the perimeter (or edge of roof) of the structure on

which it is located.

- c. May be mounted to a principal or accessory structure.
 - d. Combined height of the solar energy system and structure to which it is mounted may not exceed the maximum building height allowed in that zoning district for the type of structure to which it is attached.
 - e. All exposed conduits, plumbing lines, and related appurtenances shall be painted a color that closely matches the roof materials.
5. Solar energy systems shall be designed and located in order to prevent reflective glare toward any adjacent properties as well as adjacent street right-of-way.
 6. Solar energy systems shall not be constructed until all applicable zoning and building permits have been approved and issued.
 7. Solar energy systems and all solar energy equipment that are no longer functioning shall be completely removed from the property within ninety (90) days from the date they are no longer producing electricity, become damaged, discontinued or broken. Any earth disturbance as a result of the removal of the ground mounted solar energy system shall be graded and reseeded within thirty (30) days of removal.
 8. Exemptions. Systems used exclusively for public traffic control signals or devices located in road right-of-way are exempt.
 9. A site plan shall be submitted at the time of application and shall include:
 - a. Property lines and physical dimensions of the site and location of structures on property.
 - b. Location of solar energy system(s) on the structure on which it is located, all related equipment, above and underground utility lines, sewage treatment systems, easements, and any structures on the property.
 - c. Elevation of the proposed solar energy system(s) at its maximum tilt.
 - d. Manufacturer's specification, including make, model and picture.
 - e. Scaled drawing, no smaller than 1"-100' if commercial.
 - f. Location of any required signage.
 - g. Visual Buffer. A ground mounted solar energy system shall have a visual buffer of natural vegetation, plantings, and/or fencing, to provide reasonable visual screening to minimize the view.
 - h. Ground mounted solar energy systems shall be located in the rear yard only and shall meet all applicable setbacks.
 - i. No portion of the structure shall exceed six (6) feet in height.
 - j. Solar panels shall be considered accessory structures.
 10. Systems shall be designed in a manner that makes them as visually unobtrusive as possible, while meeting all applicable industry safety standards.
 11. No signs, other than a warning sign or installer, owner, participating landowner, or manufacture identification sign, may be placed on any component of a solar energy

system. Maximum allowable signage shall not exceed six (6) square feet collectively.

12. Ground mounted solar energy systems: shall be located in the rear yard only and shall be located a minimum of ten (10) feet from the side and (15) feet from the rear yard property lines. In no instance shall the system be placed in the front or side yard of the lot.
 - a. Wall mounted solar energy system: Shall be installed on the plane of the wall (flush mounted) or made part of the wall design. In no instance shall the system extend greater than 18-inches from the wall's surface.
 - b. Any conditions or other requirements as determined by the Board of Zoning Appeals in connection with the issuance of a Conditional Use Permit.

13. Design

- a. Ground Mounted
 1. All conduits, plumbing lines, and related appurtenances shall be located underground.
 2. Systems shall not exceed ten (10) percent of the rear yard area.

14. Wall Mounted

- a. All exposed conduits, plumbing lines, and related appurtenances shall be painted to a color that closely matches the wall material/color.
- b. May be placed on the principal building and/or accessory structures.
- c. Shall not be visible from any street right-of-way.

15. Systems shall comply with all applicable building, plumbing, electrical, and fire codes.

16. Permit Requirements.

1. A zoning certificate shall be required before construction can commence on any solar energy project.

ARTICLE XVI GENERAL STANDARDS AND SPECIAL PROVISIONS

Section 1600.1 - PRINCIPAL SOLAR ENERGY PRODUCTION FACILITY

It is the purpose of this regulation to promote the safe, effective, and efficient use of the utility-scale solar energy production facilities principally designed to produce greater levels of electrical energy, either for consumers with higher energy demand levels such as farms or industrial uses or designed primarily to produce energy to be supplied directly to the electrical grid. A principal solar energy production facility shall be considered a conditionally permitted use in the R-R Rural Residential District, 1-1 Light Industrial District, and 1-2 General Industrial District, provided all requirements and regulations as set forth below are met.

No person shall cause, allow, or maintain the use of a principal solar energy production facility without first having obtained a zoning permit from the Zoning Department.

- A. All principal solar energy production facilities shall meet the following requirements:
1. The proposed solar energy project must be located on at least five (5) acres of land.
 2. For purposes of determining lot coverage, the total surface area of all ground mounted and freestanding solar collectors including cells, panels, and water collector devices shall be considered impervious. Panels mounted on the roof of any building shall be subject to the maximum height regulations as specified with the underlying zoning district.
 3. All on-site utility and transmission lines shall, to the extent feasible, be placed underground.
 4. All solar energy systems shall be designed and located in order to prevent reflective glare towards any adjacent properties as well as adjacent street right-of-way.
 5. A clearly visible warning sign concerning voltage must be placed at the base of all pad-mounted transformers and substations.
 6. The proposed solar energy project is not located adjacent to, or within, the control zone of any airport.
 7. All mechanical equipment of solar energy systems including any structure for batteries or storage cells, shall be completely enclosed by a minimum eight (8) foot high fence with a self-locking gate, and provide screening in accordance with the zoning district it is in.
 8. Setback requirements from property lines and adjacent zoning districts shall be the same as set forth in the zoning district in which the solar energy project is located.
 9. Solar energy facilities must be maintained in good working order at all times. The owner of the property and owner of the solar energy facilities shall, within thirty (30) days of permanently ceasing operation of a solar energy facilities provide written notice of abandonment to the Zoning Inspector. Solar energy systems and all solar energy equipment that are no longer functioning shall be completely removed from the property within ninety (90) days from the date they are not producing electricity, become damaged, discontinued, or broken. Any earth disturbance as a result of the removal of the ground mounted solar energy system shall be graded and reseeded within thirty (30) days.
 10. All costs associated with the dismantling/demolition of the solar energy facilities and associated equipment shall be borne by the property owner. Removal includes removal of all apparatuses, supports, and or other hardware associated with the existing solar energy facilities and, in the case of ground mounted solar energy systems installed returning the property to a graded, seeded and/or landscaped state similar to its condition prior to the construction/installation.
 11. Solar energy facilities and the property where located shall not be used for the display

of advertising. For the purposes of this section, reasonable and customary identification (name, insignia, logo, and/or similar) of the manufacturer or operator of the system that is incorporated into or manufactured on the equipment itself shall not be considered advertising.

12. A solar energy facility shall comply with all applicable federal, state, and local laws, rules, and regulations.

13. Permit Requirements:

A zoning certificate shall be required before construction can commence on any solar energy project.

14. Exemptions:

Systems used exclusively for public traffic control signals or devices located in road rights-of-way are exempt.

15. A site plan shall be submitted at the time of application and shall include:

- a. Property lines and physical dimensions of the site and location of structures on property.
- b. Location of solar energy system(s) and all related equipment, setbacks from property lines and any structures on the property.
- c. Letter from the Stark County Health Department or Stark County Sanitary Engineer stating location will not interfere with the septic or sewer system, whichever is applicable, on the property.
- d. Location of any required signage.
- e. Elevation of proposed solar energy system(s) at its maximum tilt.
- f. Manufacturer's specifications, including make, model and picture.
- g. Scaled drawing no smaller than 1"=100'.

16. A solar energy facility to be located in a zoning district in which it is identified as a Conditionally permitted use is subject to and shall follow the application process for a Conditional Use Permit provided under this Zoning Resolution.

17. Any solar energy facility shall comply with the following specific requirements:

- a. Road Use Maintenance Agreement: The property owner shall provide for the adequate maintenance and protection of Township maintained, protected, or managed infrastructure (including, but not limited to roadways, right-of-ways, and easements) to be used in connection with the Small Solar Facility as detailed further in a road use and maintenance agreement with the Township. Any damaged public roads, culverts, and bridges shall be repaired promptly to their previous or better condition by the property owner or their designee under the guidance

of the appropriate regulatory authority.

- b. Safety Services: The property owner shall provide sufficient evidence that the property can be adequately served by the appropriate safety services, for example, a letter from the applicable fire department verifying that emergency response personnel and vehicles can safely reach and service the property, including the area where the small solar energy facility is located.
- c. Location:
 - 1. Any solar energy facility other than an integrated or rooftop solar energy system (except components located entirely underground) shall be located entirely in the rear yard.
 - 2. No solar energy facility shall be located on the front facade of any structure or on any facade facing a public right-of-way.
 - 3. No solar energy facility shall be located in front of a principal building or structure. In the case of corner lots, no small solar facility shall be located between a principal building or structure and a public right-of-way.
 - 4. No solar energy facility (other than components located entirely underground) shall be located within forty-five (45) feet of a public right-of-way or shared-use driveway.
- d. Visual Buffer: A solar energy facility shall have a visual buffer of natural vegetation, plantings, and/or fencing designed to and that does all of the following:
 - 1. Enhances the view from any existing residential dwelling and from any public right-of-way.
 - 2. Is in harmony with the existing vegetation and viewshed in the area; and
 - 3. Provides reasonable visual screening to minimize view of and noise from the solar energy facilities to adjacent lots and from any public right-of-way.
- e. Glare: Solar panels shall be placed or arranged in a manner so as not to reflect glare onto adjacent properties, or any right-of-way.
- f. Lighting: All lights associated with the Small Solar Facility must narrowly focus light inward toward the equipment, be downlit and shielded, and prohibit any spillover onto any adjacent property.
- g. Fencing: Any fencing and/or screening installed in connection with the solar energy facility shall be harmonious and compatible with the surrounding properties and uses. Fencing shall be maintained in good repair and in an aesthetic manner at all times.
- h. Conditions: Any conditions or other requirements as determined by the Board of Zoning

Appeals in connection with the issuance of a Conditional Use Permit.

18. Certificate of Zoning Compliance:

- a. A certificate of zoning compliance shall be required before any construction is commenced on a solar energy facility.
- b. Applicant shall provide the Township Zoning Inspector with the following items and/or information when applying for a certificate of zoning compliance:
 1. An engineering report that shows:
 - A. The total size and height of the proposed solar energy facility.
 - B. Data specifying the megawatt size and generating capacity in megawatts of the particular solar energy facility.
 - C. Hazardous materials containment and disposal plan.
 2. A site drawing showing the location of the solar energy facility including all equipment and components thereof in relation to (and measurements of distances from) all existing structures on the property, roads and other public rights-of-way, and neighboring property lines.
 3. Evidence of compliance with applicable setback and all other applicable zoning restrictions.
 4. A maintenance schedule as well as a dismantling plan that outlines how the small solar energy facility including all equipment and components thereof will be dismantled at the end of their use and/or upon abandonment.
 5. Any other information or materials reasonably requested by the Zoning Inspector.

Section 1600.2- DEFINITIONS

1. **GROUND MOUNTED SOLAR ENERGY SYSTEMS:** a solar energy system that mounts a solar panel or panels and facilities on or above the ground.
2. **INTEGRATED SOLAR ENERGY SYSTEMS:** a solar energy system that is incorporated into or replaces standard building materials and does not have mounting equipment. For example, these systems may include materials that replace traditional roofing, shingle, or siding materials, awnings, canopies, skylights, or windows.
3. **RATED NAMEPLATE CAPACITY:** The maximum rated output of electric power production of the photovoltaic system in watts of Direct Current (DC).
4. **SOLAR ENERGY SYSTEM, ROOF-MOUNTED:** A solar energy system that is structurally mounted to the roof of a building or structure, and may be of any size.

5. **SMALL SOLAR FACILITY:** a solar energy system and associated facilities with a single interconnection to the electrical grid and designed for, or capable of, operation at an aggregate capacity of less than fifty (50) megawatts.
6. **SOLAR ACCESS:** The access of a solar energy system to direct sunlight.
7. **SOLAR COLLECTOR:** A device, structure or a part of a device or structure for which the primary purpose is to transform solar radiant energy into thermal, mechanical, chemical, or electrical energy.
8. **SOLAR ENERGY:** radiant energy (direct, diffused, or reflected) received from the sun that can be collected and converted into thermal or electrical energy.
9. **SOLAR ENERGY SYSTEM:** a system and associated facilities that collect Solar Energy, which may include, but is not limited to, an Integrated Solar Energy System, Rooftop Solar Energy System, or Ground Mounted Solar Energy System.
10. **SOLAR ENERGY SYSTEM, GRID-INTERTIE:** A photovoltaic system that is connected to an electric circuit served by an electric utility.
11. **SOLAR ENERGY SYSTEM, LARGE-SCALE:** A solar energy system that occupies more than 40,000 square feet of surface area (equivalent to a rated nameplate capacity of about 250kW pc or greater).
12. **SOLAR ENERGY SYSTEM, MEDIUM-SCALE:** A solar energy system that occupies more than 1,750 but less than 40,000 square feet of surface area. (equivalent to a rated nameplate capacity of about 10 - 250 kW DC).
13. **SOLAR ENERGY SYSTEM, OFF-GRIDD:** A photovoltaic solar energy system in which the circuits energized by the solar energy system are not electrically connected in any way to electric circuits that are served by an electric utility.
14. **SOLAR ENERGY SYSTEM, PASSIVE:** A solar energy system that captures solar light or heat without transforming it to another form of energy or transferring the energy via a heat exchanger.
15. **SOLAR THERMAL SYSTEM:** An Active Solar Energy System that uses collectors to convert the sun's rays into useful forms of energy for water heating, space heating, or space cooling.
